Dear Cousin:- I was very much pleased to receive your very interesting letter of the 5<sup>th</sup> inst. and I will say that you saved me a number of hours of study as I had looked for James Herrick not James S. as I should have.

I gave Mrs. Lottie Herrick your address and she expected to write you soon and no doubt she has already done so. Her address is Delta Ohio.

She tells me that she is working to the end that we may have a Herrick family reunion at Walbridge Park here in Toledo next summer some time. This is a very popular park for family reunions I am sure we would have a very interesting time: and I am hoping that you may find time and the inclination to come to our fair city for a few days at that time.

With my very best wishes for the new year I am  
Yours Sincerely
