Dear Emma Rawd -

I had intended to have
you receive at least a
word from me on your
eightieth birthday - but hope
even tho. a little belated
it may carry to you my
very best wishes for many
more birthdays - my
congratulations have come
the continued to you and
your - I had a great
disappointment to me not to
find you last year - when
I was in Santa Barbara -

I had to get away somewhere
General and try to find
myself - every thing has been
is such unbalanced confusion
since the dear mother
went - oh! its been so
headful - I wish you
were near to speak to -
I have been in Stockbridge
with Lillie for two weeks -
she is so brave & so splendid
I presume you know
she is under H^{rs} Riggs -
she is better - but I realize
how frail she is - I haven't
so tragic to find that there is
no home center - but -

I am trying to write that it is always
darkness before the dawn - & things
may come out some day - Ho
you expect to come East & before long
and if you do - would you let
me know at the York Club 52 East
54th Street - When see my maid Joe
& do not forget the dear old friends -
and wish very much I could see
you - please give my love to
Matt - and remember me to
Maio & her husband - Lillie I
know would send her love -
if she knew I were writing -

most affectionately
