

HILLCREST
PALISADES, N.Y.

My dear Friends

I scarcely know how
to put into words - The feelings
which crowd upon me as I read
what - the government - has been
capable of doing to a patriotic
self-sacrificing Christian Officer
of its own Military Service.
Some enemy has sown tares
in the night - but the wheat
will ripen and at the
gathering in - the enemies will

he exposed. Your great and
noble work will tell its own
story in the time to come -

The arguments are all so
illogical that it is difficult
to answer them with hope of
making any impression.

We have been ridiculing our
Contemporary the German Emperor
for his cry of *live Magistrate* - yet
this country of free speech makes
such a record as this.

God bless you my dear friends as he has

blessed your work for these many
years and trust Him to right this
wrong. Always Affectionately

I am friend
