Dear Captain

Mr. Cand Reed,

I enclose letter about
Indians - please return it.You see the fear is well
spread the Indians; we'll
have to combat this long.Riggs ignores our
industrial idea - the
distance is a small
matter for a 3 yr. course
& the "to far south" only
affects the most northern

trikes.

You'll evidently
find little faith in the
experimental army the
friends of the Indians are
there. Don't fail to
keep a record of the objections
obstacles.

We'll need all
the power we now get to
go through this job.

Yours faithfully
S. C. Munroe
