Dear Captain:

I judge
from what Oberly
Supt. Indian School said
at Mahonk that he
wants to get you away
from Carlisle. He is a
smart fellow & will run
the Indian Office I think.
Please let me know
how things look to you.
What are the signs?
What do you anticipate?
If you are removed

Cleveland's Indian policy
will have a blow it can
hardly receive from; Confid-
ence will be destroyed

Blame with me
freely. How a man's
heart & strength are created
by such liberation!

I hope you are well
With kindest regards to
Mr Pratt believe me

Yours sincerely
S. C. Armstrong
