

Dear Captain

From your
arrang with 16 new
indians. We have a good
lot now and all goes well

I think of making
drugs for Inds dept. -
shoes etc. Don't
wish to touch anything
that will affect you

Could we make
harness a true ware
without interfering with
you in any way?
We may visit

in the future & last things
are. The Amos did
pay you a price. If
they don't offer I'll
punch them on the
subject.

Very faithfully
I'll meet you, for full
assents of everything
Please remember
me very truly to
Mr. Pratt
