I cannot tell you, my dear
Friend with what pleasure
I read your kind letter
and how much I enjoyed
seeing some of our boys
again, notwithstanding the
fact that there was but one
familiar face among them.
They played a wonderful
game - fast and furious.

in New York, and I think in
another year I shall be
in a position to carry out my
design - Is Miss Barr
still in Charge of the
Hospital & if so give her
my kindest remembrances
and ask her to drop me a
line - I wish I might
send a separate word of
greeting to each one of
my Carlisle friends, but

Meet the Indian Boys and
Congratulate them on
their fine work. I feel
as Proud of them as though
I were still connected
with the school. I shall
always feel so, Recalling their
fine Characteristics.

I am not devotedly fond
of this Place, and am
Constantly planning to live

and had not the Virginians
realized the necessity of
crippling their big Captain,
their score would have been
very different. I am
anxious to know if William
is seriously hurt - He certainly
appeared to be when he was
carried off the field.

Many, many thanks for
the tickets and for the
booklet. And so Miss Anna

is Married. I am glad her choice
was a satisfactory one, for I know
of no finer Character than
your Daughter. I received the
wedding cards and intend visiting
her very soon. My love to her
& to Mrs Pratt. I was so much
hoping the boys would remain
over Sunday & I could have
had them here at my studio
for a portion of the evening.
But they told me they were
going back in the evening.
I had a "Cousin" Man with our
party yesterday who was a
Freshman when Mr Warner was
there. All were anxious to

3.

Remember me most
cordially to all who have
not forgotten me -

Again with sincere
gratitude for your
kindness, believe me
most cordially and
faithfully yours

Laura de Passy Berry -

P.S. Do you still publish the "Indian
Keeper"? I should like to subscribe.
