

Knightstown Ind. June 29th, 1904.

R. H. Pratt,

Carlisle, Pa.

Dear General & Friend,

By postal card I notified you of the safe arrival of David Haddon last Wednesday, we think he likes the place and likes to work, — is constantly cheerful, we are quite pleased with him. ~~He~~ is a good product, Industrial methods and economic maxims, have not been lost upon him, we almost shudder to think of what reservation life would have made of him, and so many like him who have been rescued by your Heaven directed efforts.

Into your retirement from the school, into other "spheres of influence", we would follow you

and yours with our benediction,

Not for a word in return do we write this, but
just for the tender, acceptably we trust, of our
heartfelt appreciation of the work you have
been doing through so many years of burden
and care,

With sincere and lasting regard,

Yours,

O. H. and M. H. Bailey.
