Sir:-

I have the very great pleasure to report the good work of your graduate, Miss Pasquala Anderson. She is making a fine start, is liked very much by her pupils ,and by her superiors. Her work is excellent and she has made a very favorable impression on the older Indians and I hope to have many go away to school through her example. If all the people you send out are like Miss Anderson, I want more of them.

Very respectfully,

Charles E. Burton
Supt. and Acting U.S.Indian Agent.
