

Pittsburgh 10th Feb / 83

Dear Sir.

There is no objection to your coming as you suggest on the evening before, but if I am not mistaken the 22nd is a holiday and the works you would like to see may be closed. As also the public schools. In case they are you could see the works on Friday if the Hamiburg connection with the return train will suit. or if they do not you could remain here until Saturday. I enclose a slip showing time of departure of ~~our~~ eastern bound train and then arrived at Harrisburg.

We have proposed to have the evening meeting in the lecture room of 1st Presb. Ch. Thursday. I would like to have

One other for I School, in a large
Church (not yet selected) in the
afternoon. Thursday afternoon we
be best but have some hesitation
about that lest it might take
from the interest of the adult meeting.
Do you think it would interfere?
If you do, ~~shall~~ we could have
the children meeting on Friday Morn.
and your checker trip to the mills in
the morning.

Please write of these matters soon
as you can.

The Columbus trip could not be
arranged for them & the effort is abandoned.
I will send in time our allotment of
the boys & girls to their temporary homes
in time for you to designate those for each
entertainment before you leave.

Very truly yours,
Philip R. Brewster,

Capt R H Pratt,
Carlisle Pa
