

Pittsburgh March 30th 1883.

My dear Sir,

A few days after you left I sent a cheque for two dollars, which had been brought to me for the balance by an old lady. Did you get the letter?

I am continually meeting with proofs of the excellent effect upon the minds of all who come in contact with your people either at the meetings or in their houses. So far as we are here concerned, the visit and everything connected therewith was a success and a source of great pleasure. I hope that, D.V. it may be repeated next year and that many more of our people than on the former occasion will have an opportunity to understand the work which is being done at Conlic.

Very truly & affectionately,

Frederick P. Brunot.

Capt R H Pratt
Conlic Barracks.

P.S.

Mrs. Stuart wishes to be
kindly remembered to you and
we both send the same message
to Mrs. H. - hoping also that she
and the baby are perfectly well
and that we may have the pleasure
to see them both when you come
again to Kittery
