Browning, Mont.

Dec. 3, 1920.

Dear school Father,

Charles and
I would like to be
with you on your
eightieth birthday
to have a good
old talk and
visit, but he is
very busy with
his cattle, getting
them ready for the
winter. We are

having wonderful weather this year.

Last winter was very hard on the cattle some loss was heavy but we are on our feet again.

Malcolm Clarke went to Chicago with some of our beef, this is the second trip for us.

Miss Helen C. Clarke is in Glacier Park, she is well. She was here a short time ago. She was out during election working, she talked here in the new school house.

That reminds me, I would like to have you see our school building it certainly is a nice one for the size of the town. Electric lights and water in the building. We have about fourteen teachers there.

My dear father died last June on the 29th. It is very hard to do without him. His home

seems so lonely. My
mother is not doing very
well.

Emma is going to be
married next month
on the tenth of January
I had an announcement
dinner Tuesday for her.
She is marrying a very
nice young man here.

We expect to have water
works in our city next
year. It has grown some
what since you were here.

If you go East again
Please stop and visit, we
are always glad to have
you with us. Give my
love to Mrs. Pratt. Wish
you many more happy
birthdays. Sincerely,
Stephen D. Buck.
