

Laguna, New Mex.
Dec. 3. 1920.

My dear General,

X The sixth of December, being your 80th birthday, we are writing to wish you many happy wishes for the day and may our Good God give you good health thro the coming years. I wish it was possible for your school children to rush upon you on this glad occasion. Wont we have a merry time? X —

It also reminds me that two of my boys have a birthday this month, Charles will be four years old the eighth of December and William will be eleven the twelfth of December. I hope my two boys will reach a good old age like their "famous" grandfather

[1926 Dec 3]

Gen. R. H. Pratt. As you see by the heading we are now stationed at Laguna and teaching in the 'Day School'. We asked for a transfer from Paraje to here, so our three children could attend Public School. X

Fred and I have five children the oldest is twelve and the youngest is over two years old. They are a lively set of kiddies.

We have all kept well, the two youngest ones just recovered from whooping cough, they sure had it bad.

Laguna has not changed much since you were here.

Ayche Saracino Gunn is the Post Mistress here and Katie Creager Day is her assistant.

Maria Marmou, (Mrs. R. G. Marmou)

[1920 Dec 3]

and I are neighbors and we see each others every day. She and Mr. Marmm are keeping well but are beginning to show old age. Maria has gotten quite gray.

We have had nice weather but to day is real cold and windy.

General, you do not know how we enjoyed your visit wish you would stop again. We would like you to give us one of your fatherly talks. Do you hear from Nellie Wemy. We have not heard from Nell for so long. I suppose she and Wallace are still at Carlisle. It will soon be time for the children to come in from recess and so I must stop, hoping you will have a grand time reading letters from your children, and all wishing they could be with you and your dear wife and family.

May God give you all good health and spare you for some years to come.

X We can never forget you as we owe you a lot for you did so much for us at Carlisle. You are still our dear school father.

With much love from us all and also wishing you a happy birth day

I remain your school daughter
Anna Goyituey Carfield
