Dear friend:-

It is my purpose before long to issue an Outing number of the Arrow and Red Man. Among other facts concerning the outing, I want very much to publish some expression from the graduates and ex-students as to what the outing meant to them.

I understand that you had some outing experience while you were a pupil here. Would you be will-
willing to write me a letter giving some interesting facts about your Carlisle outing and naming some special benefits which you have derived from it, especially those which have helped you in after years?

If you can do this, I will be glad to hear of from you soon. With my best wishes to you, I am

Very truly yours

NRD-J.

Superintendent.

From San Carlos, Arizona, we have a letter from Eben Beads, an Apache, who attended school here from 1884 to 1891. He says:

“There is not very much business going on here, but I earn enough to support my family and am trying to

lead a clean, honest life, as my school has taught me to do. I am proud to see the returned students of that school doing so well around this country. They are supporting themselves and their families as well as the white people do.” 1912
