Mr. Leonard Kan-esevah,

Mescalero, New Mexico.

My dear Friend:

I was very much interested in the letter you addressed to this school on March the 19th, containing so much information about what you have accomplished during the time you have been away from this school. It is a satisfaction to know that the training you received here has been of use to you.

I am pleased to know you are sticking to the farm. It is the best kind of work you can do for your health and as you are a producer of wealth you are accomplishing more than by working for a salary. I hope you will have a successful summer and that your crops will turn out a good yield.

In order that you can keep in closer touch with this school and with what we are doing I am having your name placed on our list of complimentary subscriptions to our weekly ARROW. That should give you a copy

of the paper each week.

Thanking you for your kind personal wishes and  
assuring you of our interest in your continued welfare,  
I am,

Very truly yours,

HKM.

Supervisor in Charge.

Open  
March

Dear Sir:

I will now

to inform a few lines  
of myself. as I am one  
of the students of the  
Carlisle, I would to say  
a few words about my  
enrollment there at  
Carlisle I went to Carlisle  
in the year 1877 and left  
school in the year 1895  
and it is now 18 years  
now since I left school  
there Carlisle Pa.

are <sup>one</sup> thing <sup>2</sup> that bother  
me is I did not get  
a good education as  
I should have. It is be-  
cause I had to work out  
in the farm, for so  
many years & it is be-  
cause I had to do it,  
I could have been  
at a wise thing if the  
school should have me a  
good education, I wonder  
to go back to school but  
that time you all said  
not let me go back to  
school.

But even thought I ap-  
preciate the education that  
I received from the school.

But I have done lots of  
good of what little ed-  
ucation I got from the  
school, I have <sup>worked</sup> on many  
services of the governor  
and I also worked on  
rail road co., but at  
the same time when I  
worked I sure needed  
more knowledge and  
ability enough to do  
my work.

And appreciate also for

what Carlisle<sup>H</sup> has learned  
me over this, I learned to  
do what was right at the  
time I was this, and as  
far as I can remember I  
can say that I have sweetened  
a bad word or said any  
unkind to any body at  
the time I was their attendant  
in school.

When I first returned  
from school I arrived  
at Alambia where and  
came back to my own  
relatives, I found it to  
be a very bad place, I  
noticed by them intulculating.

luxure + also gain  
So I determine  
to be in the gaine with  
them in this way of  
richness. So I left this  
and went to <sup>the</sup> secular  
new Mexico and I  
found it to be same  
as ever they drink  
and they were very bad  
in many ways. But  
now I find it much  
different than be-  
fore. They are now try-  
ing to do what is  
right, and most of them

Christians and they  
are no more same as any  
white people that I know  
I received many letters  
from the school at car-  
lisle asking me if I had  
any property of any kind  
such as having any  
land or any cattle or any  
thing that makes a home  
for my self. But I did  
not give any reply to  
your letter at any time.  
because I did not had any  
thing as land, so

I did not know, at any  
rate of the time. So the  
day I thought I would  
take the pleasure in you  
a letter in regard to your  
letter which I received  
the last time. I now  
got land of my own and  
a new house and I also  
just starting to farm  
on my own & I attached  
to sow oats this year  
and it will be the first  
time I ever sowed oats  
here in New York.  
I have six horses & 3  
sheep, and I got a  
wife and two children.

and I got money enough  
to last me for a while  
I got amount of a total  
of \$4008.70 this year.

So I hope all my  
old friends will still  
remember me, and for  
the farmers who I am  
to work for.

Sending my wishes &  
regards to all.

So I will now close  
in conclusion  
Your old student  
Leonard
