INDORSEMENT.

A child showing one-sixteenth or less Indian blood, whose parents live on an Indian reservation, Indian fashion, who, if debarred from the Government schools, could not obtain an education, may be permitted in the reservation day and boarding schools, but it is preferable that it be not transferred to a nonreservation school, without permission from the Office. Children showing one-eighth or less Indian blood, whose parents do not live on an Indian reservation, whose home is among white people where there are churches and schools, who are presumed to have adopted the white man's manners and customs, and are to all intents and purposes white people, are debarred from enrollment in the Government nonreservation and reservation schools. Superintendents, in all cases where doubt exists as to the degree of Indian blood of a child proposed for transfer, should fully satisfy themselves of the facts by affidavits from reliable persons, which affidavits must be kept on file at the school.

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other non-reservation school without the consent of both Superintendents and the Commissioner of Indian Affairs, and Superintendents will be held to strict accountability for such pupils taken to their schools.

A pupil dismissed from school for cause must not be enrolled in any other school without the permission of the Commissioner of Indian Affairs. Full facts must be submitted with each request.

Charles A. Peters.

The Honorable,
Commissioner of Indian Affairs,
Washington, D. C.

Sir:

Upon receipt of the Office's letter of December the 11th, regarding the necessity for the return home of Charles A. Peters to assist his parents, an investigation was made. In a letter that was addressed to me by the father of the boy on December the 22nd it was stated that another son is now in a Hospital for treatment and that Charles's aid is required.

In view of this fact I believe it will be well to release Charles from the school, so that he can return to his home, providing, of course, that he will pay for his transportation from his funds as is required when students are extended leave.

Very respectfully,

Encl.

HKM.

DEC 11 1913

Dear Sir:

I am writing this letter to you with a heart that you may do something for me. As I feel it my duty to return to my parents. As I am now twenty-one years of age and have a eight grade education I know that now I can be a great help to them. If not along the line of civilization I can help them with there worldly toils. As they are educated but have to work for a living I feel it is my duty to help them as they have help me this far. And now that there are getting old, I want to help and be with them as long as I can as I feel that I cannot do anything to much for them, and as I am not working at any trade and did not go to school last winter I would like very much to go home. As I am not doing myself or any one any good I would like to go as soon as convenient. I thank you to give this matter your best attention, and act accordingly as you would feel if you were in my stead. As my parents have asked me ~~as~~ to as for this I am now doing so. I have been at the school over three years and came with my own free will. And have nothing against the school or it works and do most highly appreciate what I have learnt while here. If you will please write me as soon as convenient and let me know what thin k I will know then what to do. I am now out in the country working for my board and do not think I can waste my time like ~~that~~ this when I may be of some good to some needy ones. My home is in the east in Massachusetts and my parents are all voters. As this is all I have to say I will put it all in your good trust to do me some good.

My dear Sir:

I have received your letter of January the 25th requesting that application blanks be sent you, but because it is the desire of the officials at Washington more and more to eliminate from the government's schools all the Indian students who have access to ample public school facilities at their homes it is doubted whether any other young people from Massachusetts can establish their eligibility for enrolment here.

If you have any information which would seem to establish the need of admitting your friends at Carlisle I will be pleased to have you write me full particulars.

In this connection I must add that transportation cannot be provided this year for any additional students.
