The term grade in this report is determined by multiplying the average of the Triweekly reports by four, adding in the Final Examination, and dividing by five.

The passing grade is 75 per cent. A student making a grade of between 70 per cent. and 75 per cent. in a given subject can receive credit by taking special examinations. Below that grade the work must be repeated. A term grade of 90 per cent. or more in a given subject in which no Triweekly report has been below 85 per cent. will make final examinations in the given subject optional.
