My dear Friend:

I thank you for the information you conveyed to me in your letter of July the 29th regarding the desired enrolment at Carlisle of five or six of the young people of your acquaintance and in compliance with your request I enclose herewith application blanks to be used to bring formal applications for enrolment to my attention.

I cannot tell definitely at this time just what can be done about enrolling boys and girls from your home, but if any of them are anxious to be enrolled I will do what I can to secure favorable consideration of their applications.

It is very necessary that only healthy students be received at Carlisle from your home, so a reputable physician should be secured to make the required physical examination.

I am sorry to know that you have not been very well, and it is hoped you can make me a more favorable report soon.

Dear Sir:

On checking over the pupils' bank accounts at this school, I find that you have a balance of 25¢ and I am enclosing a check for that amount. As the amount is small and the bank may want to charge you for cashing the check, I suggest that you sign and endorse it and return it to me in the enclosed franked envelope, which requires no stamp, and I will send you 25¢ in postage. Please attend to this as soon as possible as we are sometimes caused considerable trouble by checks being held and not cashed.

With kind regards and best wishes, I am

It has been reported to me thru the Office at Washington that there is due Dr. S. S. Behney of 202 Locust Street, Harrisburg, Pa., an amount of 50 cents for work that was done on your teeth by Dr. Behney while he was practicing here in Carlisle and you were enrolled here.

It is desired that you consider the matter and that you remit direct to Dr. Behney. Let me suggest that you notify the Office at Washington when you send the amount to Dr. Behney.

My dear Sir:

This is to acknowledge receipt of the very friendly letter you addressed to me on December the 27th and to thank you for the kind wishes you conveyed to me therein for the new year upon which we have just started. I assure you such greetings are appreciated and that it is gratifying to know that so many of the former students of Carlisle continue in their interest in Carlisle.

The request contained in your letter to be supplied with the ATFO each week has been made known to our Printer and you may expect to have your name placed on our list of subscribers who are furnished with complimentary copies.

Hoping the new year will have in it for you much that is pleasant and profitable, I remain,

Mr. John H. Sanders,
Charenton, Louisiana.

My dear Sir:

This definite reply to your letter of December the 8th has had to be so long delayed because the applications you had submitted to cover the enrolment at Carlisle of four of your young friends were under consideration at the Indian Office in Washington. They have been returned to me and it is noted that the two children, Alice Louvinard and O'Neal Marcotte, whose enrolment at Carlisle seems to be the more necessary because of a lack of school facilities at their home at Charenton are not eligible. The former has evidently not been in school at all and the latter has not yet reached the Grade that is now required for entrance here.

Because of the great necessity for help in their cases, however, I might have secured special authority from the Office to enrol them at Carlisle, but at the present time our transportation fund for this year's use is so nearly spent that such special consideration cannot be given their need. Let me suggest that you bring this

-2- Mr. John H. Sanders, Charenton, La.

matter again to my attention right after the opening of the new fiscal year on July the 1st. I may be in a position at that time to find homes for the young people under our Outing System where they will have an opportunity to attend the public schools. Right here at Carlisle they cannot be accomodated because it is being planned to eliminate all the lower grade work here beginning with the opening of the school year on September the 1st.

The Castanie children have evidently had every opportunity to attend the public schools where their father and mother have been located and I would not be justified in expending government funds for their care at Carlisle. Under the circumstances it will be well to let them know definitely that their enrolment at Carlisle cannot be effected.

Trusting you have not been inconvenienced by this delayed reply to your letter, I am,

Very truly yours,

HGM.

My dear Sir:

I have received your favor of October the 14th, with which you transmitted applications to cover the enrollment at Carlisle of four young people of your acquaintance. I have noted, however, that they claim to be Chickasaw and Charenton Indians instead of the Chittimache Indians I supposed they would be. Under the circumstances it has been decided that the applications must be transmitted to the Indian Office at Washington for consideration. I will then be advised whether I may co-operate with you to effect the transfers.

Regretting that I cannot do otherwise than outlined above and hoping that I will know soon what definite answer I can give you, I remain,

Dear Sir

I will to day take great pleasure in writing these few lines to you I am well at present-time and hope that you are the same.

I have received those applications which you had send to ~~me~~ and were very glad to have them now I have five young people of my tribe that are very anxious to become students at Carhale so I thought I would write to you and understand whether you will be able to send transportation here at Baldwin, Sa. for five I will have them sing up as soon as you give me an answer of this letter so please let me know soon because the

school season is coming soon
we ^{have} three girls and two boys all
are healthy and strong.

We are having some bad weather
at present rain most every day.

Mr. John H. Sanders,

Box 23, Charenton, Louisiana.

My dear Friend:

Replying to your letter of recent date, in which you acknowledged receipt of the application blanks that were mailed to you some time ago, this is to advise that transportation can be placed for the students whose applications indicate that they are eligible for enrolment at Carlisle. The blanks must be carefully filled out in every detail and must be sworn to before a Notary Public. It will also be of material assistance to me in determining whether the prospective students should be admitted here if the written statements of two prominent people at your home are secured to show that the young people who desire to come to Carlisle have always had good records wherever they have been.

Assuring you that any assistance you can give will be appreciated, but again bringing it to your attention that an escort's expenses cannot be paid, I remain,

Suggestions for Supplying the Information Requested on this Blank.

1. The report of Non-reservation School Superintendents should be made at the time or a little before the pupil leaves school, whether at the end of the school year or during the year, provided the pupil is 18 years of age and over, or younger, if for any special reason the pupil is quitting school permanently. As soon as this report is received, or at least very soon after the pupil returns home, the Supervisor of Indian Employment will correspond with him, for the purpose of getting more in personal touch with the returned student, and finding out something about his wishes etc. The answer to this letter when received will be attached to and filed as part of this report.

2. Health, height, and weight of returned students are sometimes very essential in placing them properly, but height and weight could be approximated very satisfactorily, though from the pupil records now being gotten up, all information called for in part 1, of this blank, could readily be secured and be definite.

3. The State, Agency, and Tribe are important, and where the pupil is not attached to any agency, this fact should be stated as "no agency," and in such cases the Superintendents should give all available information as to the home and local conditions surrounding the pupil.

4. Where the out-going pupil has passed the Civil Service Examination for any position, this fact should always be noted, giving position for which examination was taken.

5. It should be remembered that the Supervisor of Indian Employment can but seldom have a personal acquaintance with the out-going student, and that he must depend on the information furnished in this report for his basis of action in behalf of the pupil.

6. The degree of Indian blood should always be stated, as this fact largely determines the amount of efforts that will be made on behalf of any particular returned student: Qualifications being equal or even nearly so, the preference will be given to those having the greatest degree of Indian blood.

7. This report should be forwarded promptly to the Supervisor of Indian Employment, Denver, Colorado.

8. Reports on out-going students from Reservation Schools, are made only on pupils leaving the school who are 18 years old or over, and who will probably not go away to school.

9. If Part 1, of this report is made out by the Principal of the Reservation School, the Agent or Reservation Superintendent should supply information called for in Part 2, if the Principal has not the necessary information on home surroundings and local conditions. Information in regard to home surroundings and local conditions is very essential to properly understand the pupils' difficulties and needs.

10. When Part One is made out by Non-reservation Superintendents, this blank will be sent by the Supervisor of Indian Employment to the Agent or Superintendent of the Reservation, where the out-going student belongs, to have Part 2 filled out. This should be filled out and returned to the Supervisor of Indian Employment, Denver, Colorado, as promptly as possible, for, practically nothing can be done, till the receipt of this blank, with Part 2 filled out by the Reservation authorities. The information "Employed since return as follows," will be valuable only in cases where the pupil has been home for some time.
