Fort Hall, Idaho.

My dear Sir:

I have received a letter from Mrs. LaVatta, the mother of George and Benton LaVatta who are now with their father in Idaho, to the effect that she is anxious to have them return to Carlisle. She will probably refer the matter to you, and as the boys were both excellent students I would be pleased to have you co-operate in arranging for their transfer to Carlisle for an additional period of enrolment.

Hoping you will notify me if assistance can be given from this end, I remain,

Very truly yours,

Mr. Evan W. Estep,
Superintendent, The Fort Hall School,
Fort Hall, Idaho.

My dear Sir:

I attach hereto a copy of the letter that has just been addressed to the La Vatta boys. I have taken the liberty to refer them to you, and if you find it convenient to co-operate further in this matter of urging them to return to Carlisle the favor will be appreciated. George and Benton are exceptional boys in many ways and if they can be kept in school until they are a little older they should develop into fine young men.

Very truly yours,

DEPARTMENT OF THE INTERIOR

UNITED STATES INDIAN SERVICE

FORT HALL INDIAN SCHOOL,

Fort Hall, Idaho,

October 10, 1913.

M. Friedman,

Sup't Indian School,

Carlisle, Pa.

Sir:

I am in receipt of your letter of September 5, 1913, with reference to co-operating in arranging for the return to Carlisle for an additional period of George and Benton Lavatta. I have also received a letter from Mrs. Lavatta requesting me to co-operate in this matter.

I am heartily in favor of these boys returning for an additional period of three or five years, and I am willing to do all in my power to bring about such an enrollment; but I am doubtful whether anything can be done. The boys have taken to reservation life, have attended various fairs in the vicinity, like prancing horses, jingling spurs, chaps, leather cuffs and other makeup of the typical Indian cowboy. But if anything can be done to get them to return I assure you I will do all in my power.

Very respectfully,

Evan W. Estep
Superintendent.

George and Benton La Vatta,

Fort Hall, Idaho.

My dear Friends:

Your mother is very anxious to have you return to the East to continue with your education. I have also just received a letter from Superintendent Bates of the Fort Hall School saying that he will gladly co-operate with your mother and me to arrange for your enrolment at Carlisle for an additional period of enrolment.

As both of you boys are yet at an age when you can well take the time to spend additional years in school I hope I shall hear soon that you will return to Carlisle if transportation can be placed for your use. No matter what you are planning to do after your school days are over you must know that you have the best chances for success only if you have the education that will enable you to make the best use of your opportunities. Many of the boys who were formerly enrolled here and who left school too soon are now writing me acknowledging their mistake. In many cases a year

-2- George and Benton La Vette.

or two more in school would have meant greater opportunities and far better preparation for the years when school is no longer to be enjoyed.

I hope both of you will give this matter your careful thought and that then you will write to me. It will also be to your advantage if you will see Superintendent Estep at his office so that he can point out to you the advisability of returning to school now.

With best wishes to both of you and the hope that you will write to me soon, I am,

Very truly your friend,

HSM.

Superintendent.

Date pupil returned from school, _____; employed since return as follows:

Should he receive assistance to find employment? _____

At what employment do you think he would do best? _____

Remarks: _____

_____, Supt.

SUGGESTIONS FOR SUPPLYING THE INFORMATION REQUESTED ON THIS BLANK

1. The report of nonreservation school Superintendent should be made at the time or a little before the pupil leaves school, whether at the end of the school year or during the school year, provided the pupil is 18 years of age or over, or younger, if for any special reason the pupil is quitting school permanently. As soon as this report is received, or at least very soon after the pupil returns home, the Supervisor of Indian Employment will correspond with the returned student for the purpose of getting more in personal touch with him and finding out something about his wishes, etc. His answer will be attached to and filed as part of this report.

2. Health, height, and weight of returned students are sometimes very important in placing them properly; height and weight could be approximated very satisfactorily, though from the pupil records now in use all information called for in part 1 of this blank can readily be obtained and be definite.

3. The State, agency, and tribe are important, and where the pupil is not attached to any agency this fact should be stated and the Superintendent should give all available information as to the home and local conditions surrounding the pupil.

4. Where the outgoing pupil has passed the civil-service examination for any position, this fact should always be noted, giving position for which examination was taken.

5. It should be remembered that the Supervisor of Indian Employment can but seldom have a personal acquaintance with the outgoing student, and that he must depend on the information furnished in this report for his basis of action in behalf of the pupil.

6. The degree of Indian blood should always be given, as this fact largely determines how much effort will be made on behalf of any particular returned student; qualifications being equal, or nearly so, the preference will be given to those having the greatest degree of Indian blood.

7. This report should be forwarded promptly to the Supervisor of Indian Employment, Indian Office, Washington, D. C.

8. Reports on students from reservation schools should be made only as to those who leave the schools at 18 years of age, or older, and who will probably not go away to school.

9. If part 1 of this report is made out by the principal of a reservation school, the reservation Superintendent should supply information called for in part 2 if the principal is not informed as to home surroundings and local conditions. Such information is essential to a proper understanding of the difficulties and needs of the pupil.

10. When part 1 is made out by a nonreservation Superintendent, this blank will be sent by the Supervisor of Indian Employment to the Superintendent of the reservation where the outgoing student belongs. He should fill out part 2 and return the blank as promptly as possible, for practically nothing can be done until the information called for in part 2 is supplied.

Information under the heading "Employed since return as follows," will be valuable only in cases where the pupil has been home for some time.

Mrs. Nettie La Vatta,
Hotel Richmond,
70 West 46th Street,
New York City.

Dear Mrs. La Vatta:

Replying to your letter of September 3rd, I beg leave to advise that you address Superintendent Estep regarding the return to school of your sons George and Benton. I am taking the liberty to write to the Superintendent, also, in regard to their transfer here.

Hoping that I can again arrange to have them come here, I am,

Very respectfully,

HKM-GIL

Superintendent.

9-18
HOTEL RICHMOND
70 WEST 46TH STREET, NEW YORK

New York City.
Sept. 3, 1913.

Mr. M. Friedman,
Carlisle, Pa.

Dear Sir;

I am writing you
regards to my son George,
who went out home last June.

So far as I know he expects
to return to Carlisle this fall.
he wants to come or leave
home about the first of
October. On account of him
being on the farm and very

busy. It would be hard
for him to get away sooner.
I wish you would write to
Mr. Esup, our Agent, about
him so that George will
be prepared to come when
it is time. I also would like
to have Benton come too. It
seems that their father don't
seem to encourage them at
all to get an education but
he sooner would see them
there on the farm where he is.
Do you think it is advisable
for me ~~me~~ to write to the
Agent about them? I would
like your advice and I will

^{3.}
wait until I hear from
you first. I am very
much afraid they will
persuade the boy all they can
to stay.

Thanking you for past favors,
I beg to remain

yours Truly,

Mrs. Nettie LaValle.
