W. Doherty, Wis.  
Feb. 19, 1913,

Dear Mr. Friedman

Received your letter this  
noon and must tell you  
how big I feel to tell you that  
I'm getting along fine with  
the work about the house  
such as washing scrubbing  
and cooking only wished I was  
doing more. I'm working in  
a nice family three I just  
now but I expect to go still  
farther away from here  
in a short time and it  
makes it hard for the  
arrow to keep a track of me  
But all the same I always  
get it and reads every

thing that is printed in  
 the paper. So the only  
 address I could give would  
 be Oneida, Wis., until I  
 can give the ever lasting  
 address, hope to anyway.

To change the subject, we  
 are having spring weather  
 all ready, some one was  
 saying it thundered yes-  
 terday just before dinner  
 I didn't hear it. But its  
 quite unusual thing to  
 happen out this way  
 that soon, but lots of things  
 happen nowadays that's  
 impossible to say but  
 it rained a little this  
 morning enough to make

As well as I'm not  
anything very interesting  
to other even though  
I'm interested, I will  
close my letter for this  
time, and hope that  
I will be able to write  
a longer letter next time

**Suggestions for Supplying the Information Requested on this Blank.**

1. The report of Non-reservation School Superintendents should be made at the time or a little before the pupil leaves school, whether at the end of the school year or during the year, provided the pupil is 18 years of age and over, or younger, if for any special reason the pupil is quitting school permanently. As soon as this report is received, or at least very soon after the pupil returns home, the Supervisor of Indian Employment will correspond with him, for the purpose of getting more in personal touch with the returned student, and finding out something about his wishes etc. The answer to this letter when received will be attached to and filed as part of this report.

2. Health, height, and weight of returned students are sometimes very essential in placing them properly, but height and weight could be approximated very satisfactorily, though from the pupil records now being gotten up, all information called for in part 1, of this blank, could readily be secured and be definite.

3. The State, Agency, and Tribe are important, and where the pupil is not attached to any agency, this fact should be stated as "no agency," and in such cases the Superintendents should give all available information as to the home and local conditions surrounding the pupil.

4. Where the out-going pupil has passed the Civil Service Examination for any position, this fact should always be noted, giving position for which examination was taken.

5. It should be remembered that the Supervisor of Indian Employment can but seldom have a personal acquaintance with the out-going student, and that he must depend on the information furnished in this report for his basis of action in behalf of the pupil.

6. The degree of Indian blood should always be stated, as this fact largely determines the amount of efforts that will be made on behalf of any particular returned student: Qualifications being equal or even nearly so, the preference will be given to those having the greatest degree of Indian blood.

7. This report should be forwarded promptly to the Supervisor of Indian Employment, Denver, Colorado.

8. Reports on out-going students from Reservation Schools, are made only on pupils leaving the school who are 18 years old or over, and who will probably not go away to school.

9. If Part 1, of this report is made out by the Principal of the Reservation School, the Agent or Reservation Superintendent should supply information called for in Part 2, if the Principal has not the necessary information on home surroundings and local conditions. Information in regard to home surroundings and local conditions is very essential to properly understand the pupils' difficulties and needs.

10. When Part One is made out by Non-reservation Superintendents, this blank will be sent by the Supervisor of Indian Employment to the Agent or Superintendent of the Reservation, where the out-going student belongs, to have Part 2 filled out. This should be filled out and returned to the Supervisor of Indian Employment, Denver, Colorado, as promptly as possible, for, practically nothing can be done, till the receipt of this blank, with Part 2 filled out by the Reservation authorities. The information "Employed since return as follows," will be valuable only in cases where the pupil has been home for some time.
