Suggestions for Supplying the Information Requested on this Blank.

1. The report of Non-reservation School Superintendents should be made at the time or a little before the pupil leaves school, whether at the end of the school year or during the year, provided the pupil is 18 years of age and over, or younger, if for any special reason the pupil is quitting school permanently. As soon as this report is received, or at least very soon after the pupil returns home, the Supervisor of Indian Employment will correspond with him, for the purpose of getting more in personal touch with the returned student, and finding out something about his wishes etc. The answer to this letter when received will be attached to and filed as part of this report.

2. Health, height, and weight of returned students are sometimes very essential in placing them properly, but height and weight could be approximated very satisfactorily, though from the pupil records now being gotten up, all information called for in part 1, of this blank, could readily be secured and be definite.

3. The State, Agency, and Tribe are important, and where the pupil is not attached to any agency, this fact should be stated as "no agency," and in such cases the Superintendents should give all available information as to the home and local conditions surrounding the pupil.

4. Where the out-going pupil has passed the Civil Service Examination for any position, this fact should always be noted, giving position for which examination was taken.

5. It should be remembered that the Supervisor of Indian Employment can but seldom have a personal acquaintance with the out-going student, and that he must depend on the information furnished in this report for his basis of action in behalf of the pupil.

6. The degree of Indian blood should always be stated, as this fact largely determines the amount of efforts that will be made on behalf of any particular returned student: Qualifications being equal or even nearly so, the preference will be given to those having the greatest degree of Indian blood.

7. This report should be forwarded promptly to the Supervisor of Indian Employment, Denver, Colorado.

8. Reports on out-going students from Reservation Schools, are made only on pupils leaving the school who are 18 years old or over, and who will probably not go away to school.

9. If Part 1, of this report is made out by the Principal of the Reservation School, the Agent or Reservation Superintendent should supply information called for in Part 2, if the Principal has not the necessary information on home surroundings and local conditions. Information in regard to home surroundings and local conditions is very essential to properly understand the pupils' difficulties and needs.

10. When Part One is made out by Non-reservation Superintendents, this blank will be sent by the Supervisor of Indian Employment to the Agent or Superintendent of the Reservation, where the out-going student belongs, to have Part 2 filled out. This should be filled out and returned to the Supervisor of Indian Employment, Denver, Colorado, as promptly as possible, for, practically nothing can be done, till the receipt of this blank, with Part 2 filled out by the Reservation authorities. The information "Employed since return as follows," will be valuable only in cases where the pupil has been home for some time.

Mr. M. Friedman,
Carlisle, Pa.

Dear Mr. Friedman:

I received the invitation
for commencement and I
thank you very much.
I would love to be there
as this is my class. I
should like it very much
more if I were graduating
with them.

While I was out West I heard some one say "I wonder why the Carlisle students graduate in their uniforms." I asked why they thought they graduated in uniform and they said the graduating class picture in "the Red man" was always in uniform. I then told them about the beautiful but simple dresses the girls wore at that occasion also of the boys' nice suits. They

There are about seventy five
children in school now. I
have been here about four
weeks and have been quite
busy getting the summer uniforms
made as they wanted them for
the girls to wear on Easter Sunday.

I like my work and the
superintendent and employees are
all very nice -
with best wishes to the graduating
class.
Yours most sincerely

Miss Texie Tubbs,

Horton, Kans.

My dear Friend:

I want to thank you for your letter of March the 25th and for the kind expressions of good will you conveyed thereby. I am pleased to know that you like your work at the Kickapoo school and that you have become so pleasantly located. It will enable you to do the better work in your department if the conditions under which you work are agreeable.

I will take this opportunity to say that our Commencement Week exercises began yesterday with a splendid program both in the afternoon and evening. The Baccalaureate address was one of the very best we have ever had here. Last evening Congressman Hobson, the Spanish War hero, delivered an address at the meeting of the Christian Associations. Many visitors are expected during the week and all of us should have a

Hoping to hear of your continued success, I
