Dear Mr. Bishop:

This is in reply to your letter of December 4, which has been held unanswered pending my return from a field trip.

The Dr. White who examined the eyes of the students at Carlisle School at the time you mention was a Dr. D. W. White, who passed away about ten years ago. The records in this Office do not reveal anything in connection with a diagnosis of trachoma in your case while attending the Carlisle School.

I am very sorry to learn of the condition of your eyes and trust you may secure treatment which will afford you some relief.

Sincerely yours,

(Sgd.) L. W. WHITE

Dear Sir:-

Being a patient at this Facility, I am writing you pertaining to the record of an examination conducted by a Dr. White, of the student-body of the Carlisle Indian School, about 1909 or 1910. He was an eye specialist and was probably sent there by the Dept of the Interior.

I am in need of my diagnosis at that time - which I believe was the (1st stage of trachoma) as I was under treatment there for some time, and perhaps such would be in the records of the Carlisle Indian School for those years. I need this information in filing my claim for pension, as I served three enlistments in the Regular Army after leaving Carlisle. I served in the 10th and 33rd U. S. Infantries in the Canal Zone, Panama, the 4th U. S. Inf. 3rd Reg. Division, in France and Germany.

and the 13th U.S. Inf in the United States.
My eyes have failed badly and now
I am unable to pass any visual
examination to get a job. I am required
to get data from every place I have
been examined or treated in my ap-
plication for pension. The fact that I
was accepted in the service regardless
~~may be in my favor.~~ I believe Dr. White
was there, anyway between 1909 to 1911.
I will be very grateful for this information
as I have been diagnosed as "chronic
inactive Trachoma", no help, but to live on
and go blind.

Very respectfully yours

Harold K. Bishop

Dear Editor:-

Being an ex-student of that institution, I feel that it is no more than right that I know the happenings and the progress of my former "Alma Mater". I was an apprentice in the print shop and I long now to be back as a student of "Old Carlisle". It seems that every one that attends an institution of that kind does not fully realize the benefit that can be derived from it if they only "stick" until they get out into this world of strife. So I ask you to please send to me the "Arrow and Red Man".

a comfort and a cheer to me

quite frequently appear down
here in this hot, dreary, jungle
land.

INDORSEMENT.

A child showing one-sixteenth or less Indian blood, whose parents live on an Indian reservation, Indian fashion, who, if debarred from the Government schools, could not obtain an education, may be permitted in the reservation day and boarding schools, but it is preferable that it be not transferred to a nonreservation school, without permission from the Office. Children showing one-eighth or less Indian blood, whose parents do not live on an Indian reservation, whose home is among white people where there are churches and schools, who are presumed to have adopted the white man's manners and customs, and are to all intents and purposes white people, are debarred from enrollment in the Government nonreservation and reservation schools. Superintendents, in all cases where doubt exists as to the degree of Indian blood of a child proposed for transfer, should fully satisfy themselves of the facts by affidavits from reliable persons, which affidavits must be kept on file at the school.

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other non-reservation school without the consent of both Superintendents and the Commissioner of Indian Affairs, and Superintendents will be held to strict accountability for such pupils taken to their schools.

A pupil dismissed from school for cause must not be enrolled in any other school without the permission of the Commissioner of Indian Affairs. Full facts must be submitted with each request.
