Supr.in Charge.  
Carlisle, Pa.

Dear Sir:-

Mr Sanderville has ask me to send you the letter enclosed, to have published in The Carlisle Arrow.

I can also say for Richard that he is a progressive among his people, attends church, and the most important and best thing than can be said about him is, that he has never tasted liquor of any kind. He has lived the life that was taught him at that school.

He wishes this letter returned to him as he thinks it a great piece of paper, which it is.

Very Respectfully,

*Clara M. Frattidge*

December 31, 1914.

Mr. Richard Sanderville  
Browning, Montana.

Dear friend:-

I am very glad to print in the Carlisle Arrow, the letter which you received from General Pratt twenty-three years ago. The good advice contained in the letter is good for our outing boys and girls today and I trust they will read the letter carefully and live up to the advice as you have done.

I am also glad to get such a good report about you and to know that you are doing well and prospering. It is always encouraging to get good reports about our returned students. I hope the New Year may bring you added blessings.

With my kind regards, I am

Your friend

Supervisor in Charge.

The following letter comes to the school from Richard Sanderville who was a pupil here from 1890 to 1892. Mr. Sanderville who is a progressive Indian among his people and a leader, prizes this letter which was written to him while he was under the outing. He has preserved this letter for 23 years and sends it now to be published so that the Carlisle pupils may heed the good advice contained therein and profit by it as he has.

Richard Sanderville,  
Solebury, Pa.  
Dear Richard:-

I am pleased to have such good reports of you and know you are in so good a home. I want you to be particular about attending church and sabbath school and it is best you go when the family wish you to, in the morning. I learn this is their wish from the reports. I expect you to set the example for other boys in your vicinity

It is not a good custom to visit other boys and you must not invite other boys to visit you. It makes too much work on Sundays. Be at home for meals and say to other boys it is against the rules to have boys come to see you and stay to meals.

I tell you this as a warning, not that Mr. Moore's have said anything about meals, for they have not, but I know some of our boys visit too much. Improve your time, when not at work, reading or studying; you can gain much in that way.

Your friend

Here Seventeen Years Ago. <sup>1320</sup>

Richard Sanderville, who was a student of Carlisle and a member of the Standards seventeen years ago, in a letter to the Carlisle ARROW says: "The Blackfeet Reservation is about all allotted. There are two tribes living on it—the Blackfeet and the Chippewa known as Rocky's Band of Chippewas. It is situated on the East side of the Rockies and has an area of a little over 4,200 square miles with beautiful mountain streams abounding in brook trout. Big game is plentiful. I was out hunting last October with my brother Peter Oscar, ex-student of Carlisle, and Chas. Moore, ex-student of Haskell, and we killed four elks—two bulls and two cows. Talk about roast elk, fried bread, camp coffee, brook trout, fool-hens, and blue grouse by the camp fire! It would make most anybody's mouth water. I left the school with a good, clean record, and am glad to say that I never drink or smoke. My best regards to the Standards, employees and students."

## THE BARBER SHOP.

---

By William Winneshiek.

The work in the shop was very slack this month and so the time was spent in washing windows and doing other necessary cleaning.

After being compelled to lay off on account of an injured hand which he received a few days ago, Ora Spicer has returned to the shop to resume his duties.

## THE PLUMBING SHOP.

---

By Francis Kettle.

Mr. Weber and the boys having so much work to do in the Domestic Science Department at present, it became necessary to let out on contract the electric light system in the Large Boys' Quarters.

During the past week some of the boys have been engaged in putting up new goals in place of the old ones in the Gymnasium. The goals are now placed toward the center, which gives equal advantage to both sides.
