Mr. Richard Hirman
Whiteagle, Oklahoma.

Dear Mr. Hirman:-

I have your letter relative to the report of your sister Mae who is now under the outing and have to say that Mae is not a bad girl. Mrs. Lippincott, her country-mother, says that she is very capable and is kind to her old aunt who lives with them but that she is hard to put up with sometimes. She gets sullen and is not as courteous as she might be. This you know, would count against her conduct.

She has expressed a desire to return to the school for the summer and arrangements have been made to recall her the last of May when the other girls come in. I trust this will be satisfactory to you.

I am glad to know that you are getting along well and are putting into use the training received at this school.

Wishing you continued success, I am

Very truly yours

NRD

Acting Superintendent.

Mae Hinman
Care Mrs. Benjamin Lippincott
Cinnaminsen, E.J.

Dear Mae:-

I had a letter from your brother Richard and he seems to be worried about you because you are not getting along as well under the outing as you should. I have written him that it is your own fault that you are not contented and happy. Now Mrs. Lippincott reports that you are very capable and that you are very kind to her old aunt but that you are not as thoughtful and kind and courteous as you might be. I understand you have a splendid record here and I cannot see why you cannot make as good a record in the country. There must be some reason for your actions. If you will write me what these are, I will be glad to look into the matter.

We are planning to recall you to the school the last of May and send another girl to take your place. Until that time, I hope you will try to please so that you can come in with a good record.

Very truly yours

Dear Sir:-

As an exstudent I want to say that I am enjoying Life with the others and also find that five years training there at Carlisle is the best I can get in this world.

I am every day living the day as God himself says that the kingdom of God is within us.

I am ever trying improve my moral and physical characters.

I met many an ex pupil that are holding the "Carlisle" reputation of Learning.

Yesterday Mr Lipps, I reced the home Letter of my sister May Hinman, and was very sorry to say that at home here every body in the family feel bad over the report of your Conduct.

(2)

She is out under the outing system. She says she asks Miss Johnston to come back to school, but she would not let her, saying she would disgrace herself.

I would rather see her back at school Mr Lipps, than see her take steps in direction where she would do is purposely just to be sent in.

And a girl her age would not hesitate at all. That is the way in white people's family.

So I think you ought to have her come back to school, she has only one year yet to stay there, and I do not want her to act foolish just in order to come back to school.

May has a considerable sum of money here also, and that is the reason why we folks here want her to learn and be able to care for her own self as well as business.

I have ask you to consider

(3)

her matter seriously. write me as
what makes her act that way.

We are all farming down here
and just the thing / us work, only
will be able to keep us.

I remain ex student

My dear Friend:

Complying with the request you conveyed to me in your letter of recent date, this is to state that your inquiry relative to the work of the Society of American Indians should be addressed to the Society in care of the Barrister Building, Washington, D. C. A secretary is in charge of the work there and particulars will be given you.

Thanking you for your kind personal wishes and assuring you that I wish you success in your work, I am,

Dear Sir:-

Being an old pupil
of Carlisle Indian School and had
served the whole term of five years.

I feel glad over what I have
gained there and not only that I am
satisfied - but I know well enough that
the broad field is yet to be won
in life. I am well as ever and
wish the whole school the same
way.

I also heard of the Society of
American Indians. Association. And would
very much like to know how they
are or how the whole thing is run.

If they are putting out any papers
or magazines; I would like to be informed
or please let me have the address.

I remain a friend.

Mr. Richard Hinman,
Whiteagle, Oklahoma.

My dear Sir:

I was pleased to receive your letter of March the 8th and to learn that you are making further improvements on one of the places you own. That is the best kind of an investment you could make and it will materially increase the value of your property over and above the actual cost of the improvements you put on it.

It is to be regretted that in your immediate section of Oklahoma the crops have not been good for several years past. More and more careful farming will have to be done in Oklahoma, so that, as in other places, greater dependence can be placed on the condition of the soil as a result of careful tillage rather than on sufficient moisture or not too much of it.

Hoping you will be successful in your experiment with squabs and poultry, I am,

Very truly yours,

HKM.

Supervisor in Charge.

Dear Friend:

I want to note that I am well and enjoyed the Okla Life very much.

We have had season for seven years in this section of the country. we hardly raised a good crop all this time, so bad, one of our Bank prest in Ponca City, Okla. commit suicide.

I am not active in Tribal or any business I had been previous engaged in. I am quiet at home and am having another new house and barn built on one of my places. It will be stock up with squabs and nothing but first class breed of poultry.

I am away from Carlisle for 5 yrs. and have met many old pupils about the country. I remain a friend to Old Carlisle every day.

My dear Friend:

I have noted carefully the contents of your letter of recent date in regard to your returning to Carlisle to take additional school work at Conway Hall. Replying thereto I must state that we have had so much difficulty in many ways with the boys who have been given such a privilege that I am not at all in favor of encouraging such arrangements.

It is my opinion that there are very good preparatory schools near your home where you would have ample opportunity to continue with your education, and I believe it would be to your advantage to enroll at some other school than here in Carlisle.

I am pleased to see in your letter that you have been at work since the time you left Carlisle and that you have made a successful effort to improve in every way possible. No one is more anxious to see you continue in that way than I am, and I extend you best

Dear Friend:-

I am at present enjoying a good life full of health, the best the nature can give.

I am improving in every thing in my knowledge as well as morals.

I am writing as to whether I can get an entrance to Conway hall there at Carlisle, and be able to stay there at Carlisle, or paid my expense and stay in town.

I have been there

me to make attempt to
gain some more in higher
education and make it

I also want to hear
as if I am able to go
as to the class room
work I acquire while
there. I was in room No

"Would I be allowed to
stay at school or not?

Dear friend Richard:

This is to acknowledge receipt of your letter of September the 13th and to thank you for the information contained therein. I am pleased to know you are at work on your own place and you can rest assured that my best wishes for continued success are with you.

I am addressing a letter to Superintendent Farrell in regard to the transfer to Carlisle of your sister and your cousin, and it is suggested that you see him about approving their applications.

It would also be appreciated if several other students could be secured to join the girls on their trip to Carlisle.

Hoping that it can be arranged to carry out your desire in behalf of your sister and your cousin and that we shall see them here soon, I remain,

Very truly yours,

Supt. Mr. Friedman:

Dear Friend:

At this time of the year I am farming with all my might. Living up to Carlisle's many mottoes. I intend to regain the bigger part of my ranch next year and farm it. Mr. Friedman at this present time I am in the best of health and enjoy life very much.

I have sent you number of names while back, but none of them has nerve enough to come there.

Our Supt. Farrell seems to be backward with us in sending our children to non-reservation schools.

I have a sister and cousin that I like to enter and are willing to enter, they are both over fourteen years old, and have been going to reservation school.

Our Supt. has sent number of them to school that are much younger than they are.

I wish you will be very good to help these girls out as much as you can and see if we can get these girls some way.

Hoping to hear from you soon.

Dear friend Richard:

I have received your letter of July 3rd, saying that you arrived home safely and that you went to work at once upon your arrival there. You could not have done anything to create a better impression among your people than just that. With the improvements you note as having been introduced during the last five years, you, with the Carlisle training to help you, can not expect to do well by being idle, and to have made a start at once is just what I wanted you to do.

I hope you will be able to secure work at your trade, for in Oklahoma that should be a profitable work for you and one that would give you a chance to prove anew that you are prepared to take your place among white men in your home community. If there is any assistance I can render you to secure work, you have only to ask me to do so, and the school's influence will be back of you to assist you.

I am glad Harry and Michael have also gone to work, for if three Ponca boys returning from Carlisle have settled down to work so quickly, it is a credit to Carlisle as well as to you three boys, and an influence

-2-

to have other Indian boys and girls avail themselves of the opportunities offered at Carlisle.

Mr. Miller has been asked to send your money to you. I would suggest that you follow the Carlisle rule in regard to money, and that you save a part of what you earn and what you receive. Deposit your money in a local bank, where it will be safe and where it will make you have a better standing in your community. A man with a bank account can be independent and it is a sign of prosperity and thrift besides, all of which are an asset to any young man.

Please remember me to Harry and Michael and give them my kindest regards. May all of you have a pleasant vacation and ~~you~~ may you be successful.

Dear Sir: July 31 1910.

I have at last arrived home safe and was very glad to look at the place of my birth once more.

I am at present working in the cornfield hoeing weeds, and further more I am proud to say that all the Indians here work very hard.

I am looking for a job as a painter the trade which I have worked in town thus at

days Mike and Harry

their overalls, like I
did and out work
every day.

I am surprise to

great improvement
since I have been
away.

As I am home now
I would be very glad
to receive what I left

of it in the very best
way, as there many
things to make. This

Dear Richard,

I have your letter of the 11th, concerning your money. At the time check for your balance was sent you Mr. Miller had not received wages for \$40.93. This has now been received and a check for the amount is enclosed you herewith.

Sincerely your friend,

Superintendent,

Dear Sir:

I rec'd a check
of \$42.84. today. I would
like to state that I may
make mistake myself, but
I thought I had left
more than that sum of
money at Carlisle.

In May 1910. Mr Miller
told me I had in bank
\$102.89. and on June 22,
1910. Frank Durium of
Carlisle put in the bank for
me \$40.70. And I drew
\$60.00 with \$3.00 fine. so I
thought this check rather small.
