9. Tell me anything else of interest connected with your life:

In regard of interest of my life I
cant tell much. for I do not very much
believe in telling of my self

all that depends on my employers.

But I am working for what any other
young man would, and that's higher.
And another thing that I do not like is
this, for any one to give any papers to go higher
or to be promoted, because lots of questions are
ask'd which a person never saw and used,
and the best examination, is to judge him by
his work, what he can do, and how well he
can do.

For this examination business it may be

O.K. in some way, but in good many cases, it dont
fit, for I know some cases where they pass for the
the work they apply, but when they do come to do it
they are lost. I am saying this by self experience
and would like very much to say my my thoughts
befor the Indian officer.

John D. Archeluta, a full blooded Pueblo Indian, and one who is a credit to the American or red race is now employed as tool room man here. John is anxious to master the locomotive and no doubt it will only be a short course of studious application that will land him at the height of his cherished ambition. Prior to coming here John was in the Government Service at one of the Pueblos in close proximity of this place.

Dear Friend:

I have your letter of the 16 inst. also the blank which you returned, and am very glad to know you are getting along so nicely. I have had reports of your progress since leaving the school from other sources, and have been proud of your success.

Matthew Cata, the little boy you influenced to come to Carlisle is a very good boy and is doing nicely. He is out in the country just now, but expects to return to the school the last of this month, and will take up a trade at the school.

At any time you can help in getting such pupils for Carlisle, write me a letter, and I will give the matter my prompt attention.

With best wishes for your continued success, I am

Very truly yours,

Dear Sir.-

Yours of the 10th is received and it gives me a great pleasure to hear from the head of our Alma mat'r.

I am very sorry that the first letter didn't find me. it's six months since I left Albuquerque. to my present post. I suppose you have a boy at Carlisle from my home. it is the only one I could succeed in sending from home, and this was done by writing. I don't know the boy personally but his folks are relat'd to me. ("Cato") I would very much like to send more. but my time is so limited I can't very well go about. I do expect to go home this fall and shall try to see if I can dig out more. we are the only one from home that we have clench to Carlisle.

With best wishes and success. to you Sir.

I remain always a friend to you and school. shall always be glad to hear from you.
