Mr. Philip T. Lonergan,
Superintendent, Pueblo Day Schools,
Albuquerque, N. M.

My dear Sir:

I submit below for your information a copy of a letter that was addressed to me at the Pueblo of Cochiti on December the 19th by John Dixon, who was formerly enrolled as a student at this school:

"As I have been getting The Carlisle Arrow, I like to let you to know I have a boy 16 to 17 years old and another he is a nephew of mine he is 15 to 16 years. Both of these boys have been to The Santa Fe Indian School. Their time at that school has expired so they are at home. As I said I have been getting The Carlisle Arrow. These two boys have been reading the little paper and they have taken a great deal of interest in the little paper, and every evening when the two boys come together they commence to talk wishing to be at the Carlisle School. Often they beg me to ask if they could not have a chance to go to Carlisle Indian School.

Dear Superintendent, I wish you will excuse me. Can these two boys have the chance to enter your Carlisle Indian School? If so, I hope you will let me know, if you please. I am very anxious to have these two boys to finish up their studies, to be a man and self supporters in the future. If there

If there is any chance and room for the boys,
I might be able to find more boys from my place
Cochiti. There are many boys at home, whom have
been to The Santa Fe School, and they would like
to finish their studies, if they can.

I will close my letter by saying, I wish you a
joyfull Christmas, also to the whole school students.

As there is yet room here to accomodate additional students I would be pleased to consider the applications of any whose transfer is recommended by you, and if there is any further assistance I can give from this end I would thank you to let me have suggestions.

Very truly yours,
