Any general statement or wishes of patron or pupils, together with Agent's estimate of place, people, and pupil:

Mrs. Bronson is a new patron. The home is a well kept home near the edge of the town of Chambersburg. The rooms were all very neat. Mrs. Bronson is a rather quiet and retiring woman. She says they lead a very quiet life centering their care and attention upon their children and home. Pauline is rather quiet and reserved too so I think both patron and pupil are suited to each other. Pauline likes the work and the family but felt rather lonesome. An unreliable girl should not be placed with Mrs. Bronson as the home is in town and Mrs. Bronson is rather timid about using authority until she has more experience. They attend the Episcopal church. Mr. Bronson is employed in machine shops. Mrs. Bronson will pay Pauline \$8 per month provided she can do the ironing. If the ironing proves too much, she is to give Pauline \$7 per month.

Mr. John P. Howard,
Superintendent, The White Earth Agency,
White Earth, Minn.

My dear Sir:

I have written to Pauline Chesley and Justina Jackson, two of the girls whose periods of enrolment terminated last June, and who are now at their homes under your jurisdiction that I would like to see them return to Carlisle. I have also taken the liberty to refer them to you for assistance if they decide to enroll for an additional period.

Hoping that they will submit their applications to you for approval and that you will find it advisable to send them to Carlisle for additional training, I am,

Very truly yours,

HKM.

Superintendent.

Miss Pauline Chesley,

White Earth, Minnesota.

My dear Friend:

I would be pleased to know whether we may yet expect you to return to Carlisle for the work of this year. If you are not yet twenty-one years of age transportation can be provided for your use and your enrolment can be effected for a three year period. If you are twenty-one you will have to pay for your transportation, but that will entitle you to enrolment for less than the usual three year period.

Hoping that you will let me hear from you regarding this matter, I am,

Very truly yours,

HKM.

Superintendent.

SUGGESTIONS FOR SUPPLYING THE INFORMATION REQUESTED ON THIS BLANK

1. The report of nonreservation school Superintendent should be made at the time or a little before the pupil leaves school, whether at the end of the school year or during the school year, provided the pupil is 18 years of age or over, or younger, if for any special reason the pupil is quitting school permanently. As soon as this report is received, or at least very soon after the pupil returns home, the Supervisor of Indian Employment will correspond with the returned student for the purpose of getting more in personal touch with him and finding out something about his wishes, etc. His answer will be attached to and filed as part of this report.

2. Health, height, and weight of returned students are sometimes very important in placing them properly; height and weight could be approximated very satisfactorily, though from the pupil records now in use all information called for in part 1 of this blank can readily be obtained and be definite.

3. The State, agency, and tribe are important, and where the pupil is not attached to any agency this fact should be stated and the Superintendent should give all available information as to the home and local conditions surrounding the pupil.

4. Where the outgoing pupil has passed the civil-service examination for any position, this fact should always be noted, giving position for which examination was taken.

5. It should be remembered that the Supervisor of Indian Employment can but seldom have a personal acquaintance with the outgoing student, and that he must depend on the information furnished in this report for his basis of action in behalf of the pupil.

6. The degree of Indian blood should always be given, as this fact largely determines how much effort will be made on behalf of any particular returned student; qualifications being equal, or nearly so, the preference will be given to those having the greatest degree of Indian blood.

7. This report should be forwarded promptly to the Supervisor of Indian Employment, Indian Office, Washington, D. C.

8. Reports on students from reservation schools should be made only as to those who leave the schools at 18 years of age, or older, and who will probably not go away to school.

9. If part 1 of this report is made out by the principal of a reservation school, the reservation Superintendent should supply information called for in part 2 if the principal is not informed as to home surroundings and local conditions. Such information is essential to a proper understanding of the difficulties and needs of the pupil.

10. When part 1 is made out by a nonreservation Superintendent, this blank will be sent by the Supervisor of Indian Employment to the Superintendent of the reservation where the outgoing student belongs. He should fill out part 2 and return the blank as promptly as possible, for practically nothing can be done until the information called for in part 2 is supplied.

Information under the heading "Employed since return as follows," will be valuable only in cases where the pupil has been home for some time.
