Mr. Patrick Azure  
~~Belcourt, N. D.~~

Dear Sir:-

I have a letter from G. C. Coyner, Students Director at the Ford Motor Company saying that Dr. Marquis who is at the head of the Department of Education has sanctioned your entering the Students Course. He suggests that I correspond with you and notify him when you are ready to take up your work there.

As you are not under our jurisdiction now and will not be when you go to the Ford factory, I am writing to you to take up this matter at once with Mr. Coyner yourself. You should do this without delay as they will not hold a place open for you very long. Address Mr. Coyner as follows,

Mr. G. C. Coyner  
Students Director, Dept. Education  
Ford Motor Company, Detroit, Mich.

I might add for your help that these people have given you this opportunity which they do not offer to many, because of the splendid record your brother has made up there. I hope you will remember this and always do your best. Try in every way to be as good as your brother.

Very truly yours

Dear Sir:

Attention Mr. Bradley

Regarding Ovilla Azuri's brother, Patrick Azuri, residing with Isidore Azuri, at Belcourt, North Dakota. I have taken up his case with Dr. Marquis and he sanctioned his entering the Students' Course in the factory.

I would suggest that you correspond with Mr. Azuri and when ready to send him to the factory, inform us of the fact.

Regarding Henry Herrera, his shop and personal record do not bear the closest investigation, and I believe that under the circumstances I cannot grant him an opportunity to complete the Students' Course.

Mr. Charles E. Dagenette

My dear Mr. Dagenette:-

Replying to your inquiry relative to Patrick Azure who has applied to you to be placed in some automobile shop, I have to say that Patrick was a student here for about three years, 1910 to 1914. He was a blacksmith and worked most of the time he was here, at this trade. He worked one summer with his brother at carpentering in Lebanon, Pennsylvania. He was considered a good boy and a good worker while a student here.

Very truly yours

Superintendent.

My dear Mr. Lipps:

Patrick Azure, an applicant for automobile factory work, informs the Office that Carlisle was the last school he attended.

Will you please send me a statement, as soon as possible, concerning his character and general ability and industry; also the grades he completed, the mechanical training given him at Carlisle and the manner in which he applied himself to his task?

Your assistance in this matter will be very much appreciated.

Very truly yours,

## SUGGESTIONS FOR SUPPLYING THE INFORMATION REQUESTED ON THIS BLANK

1. The report of nonreservation school Superintendent should be made at the time or a little before the pupil leaves school, whether at the end of the school year or during the school year, provided the pupil is 18 years of age or over, or younger, if for any special reason the pupil is quitting school permanently. As soon as this report is received, or at least very soon after the pupil returns home, the Supervisor of Indian Employment will correspond with the returned student for the purpose of getting more in personal touch with him and finding out something about his wishes, etc. His answer will be attached to and filed as part of this report.

2. Health, height, and weight of returned students are sometimes very important in placing them properly; height and weight could be approximated very satisfactorily, though from the pupil records now in use all information called for in part 1 of this blank can readily be obtained and be definite.

3. The State, agency, and tribe are important, and where the pupil is not attached to any agency this fact should be stated and the Superintendent should give all available information as to the home and local conditions surrounding the pupil.

4. Where the outgoing pupil has passed the civil-service examination for any position, this fact should always be noted, giving position for which examination was taken.

5. It should be remembered that the Supervisor of Indian Employment can but seldom have a personal acquaintance with the outgoing student, and that he must depend on the information furnished in this report for his basis of action in behalf of the pupil.

6. The degree of Indian blood should always be given, as this fact largely determines how much effort will be made on behalf of any particular returned student; qualifications being equal, or nearly so, the preference will be given to those having the greatest degree of Indian blood.

7. This report should be forwarded promptly to the Supervisor of Indian Employment, Indian Office, Washington, D. C.

8. Reports on students from reservation schools should be made only as to those who leave the schools at 18 years of age, or older, and who will probably not go away to school.

9. If part 1 of this report is made out by the principal of a reservation school, the reservation Superintendent should supply information called for in part 2 if the principal is not informed as to home surroundings and local conditions. Such information is essential to a proper understanding of the difficulties and needs of the pupil.

10. When part 1 is made out by a nonreservation Superintendent, this blank will be sent by the Supervisor of Indian Employment to the Superintendent of the reservation where the outgoing student belongs. He should fill out part 2 and return the blank as promptly as possible, for practically nothing can be done until the information called for in part 2 is supplied.

Information under the heading "Employed since return as follows," will be valuable only in cases where the pupil has been home for some time.
