Supt. M. Friedman  
Carlisle, Penn.

Dear Friend,-

Upon hearing the  
movement made to exclude  
the New York Indians from  
Carlisle Schools and other  
schools supported by the  
United States Government.

I wish to tell you, as you  
are the Supt of Carlisle School  
that the Government will  
do what is injustice to the  
Indians of New York State.

I say this because the Indians of the said state are poor and need the training that Carlisle and other government schools give.

Our District schools does not teach us only the elementary course in academic and we have no Trade schools and that is what the Indians need the most. As to our moral character we are far from being where we should be.

The few Indians that can be well spoken off are mostly from the Government schools where everything is taught and are now making use of what they have been taught.

For the sake of those who

are poor and yet need  
the help from the Govern-  
ment Schools let me beg  
of you to still give us the  
chance to improve our work,  
our thoughts, and our  
lives by giving us your  
instructions.

Oblige with Respect,  
Frank Scott.
