INDORSEMENT.

A child showing one-sixteenth or less Indian blood, whose parents live on an Indian reservation, Indian fashion, who, if debarred from the Government schools, could not obtain an education, may be permitted in the reservation day and boarding schools, but it is preferable that it be not transferred to a nonreservation school, without permission from the Office. Children showing one-eighth or less Indian blood, whose parents do not live on an Indian reservation, whose home is among white people where there are churches and schools, who are presumed to have adopted the white man's manners and customs, and are to all intents and purposes white people, are debarred from enrollment in the Government nonreservation and reservation schools. Superintendents, in all cases where doubt exists as to the degree of Indian blood of a child proposed for transfer, should fully satisfy themselves of the facts by affidavits from reliable persons, which affidavits must be kept on file at the school.

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other non-reservation school without the consent of both Superintendents and the Commissioner of Indian Affairs, and Superintendents will be held to strict accountability for such pupils taken to their schools.

A pupil dismissed from school for cause must not be enrolled in any other school without the permission of the Commissioner of Indian Affairs. Full facts must be submitted with each request.

Mrs. Nettie LaVatta,
Hotel Richmond, 70 & 72 West 46th St.,
New York City.

Dear Mrs. LaVatta:

I regret that this reply to your letter of recent date has been so long delayed, but it is hoped that you have succeeded in persuading Elizabeth that she will be much better off if she remains with you here in the east. While she is earning enough to be comfortably clad and while she is enjoying the privileges of such a good home it will also be better for her not to expend the funds that have accumulated at the Agency at your former home. Some day the amount will be of far greater use to her and I hope she will decide not to withdraw the same. I believe that if you will write to Superintendent Estep about the matter he will cooperate with you in looking out for Elizabeth's best interests.

George was seen at the office several days ago. He expressed himself as getting along very nicely and as well satisfied with his school life here. He has not been

-2- Mrs. Nettie LaVatta.

instructed in any trade and he is now Mr. Denny's assistant in the clothing room at the Small Boys' Quarters. He is making his usual rapid progress in his school work, and he is conducting himself in the gentlemanly way so characteristic of George.

If I can be of any other assistance to you in looking out for the best interests of your children do not hesitate to call on me for such aid.

Very truly yours,

HKM.

Mr. Friedman

Dear Sir!

Your rec^d was more than surpris-
-sed at the contents.

Elizabeth has a very nice place
with a fine family, where she is well
treated, has been perfectly satisfied
with her surroundings until the
past two weeks. I suppose since she
has been thinking of doing this.

I knew nothing at all until your
letter came. I suppose you are aware
my daughter (Emma) drew her own
-sely without consulting me or any
knowing it. you know I gave my
consent to Emma going West with
the understanding she was to return
for school again. I was disappointed
she did not more especially in

keeping my youngest son
from the School. am sure
and her Father have done all
power to persuade Elizabeth
out there, and knowing I will
oppon it have kept all a profound
secret. Elizabeth does not need the
money she is getting \$18. ^{or} per month
and all expenses. I want her to keep
it for Future use feeling sure when
she gets a few years older she will
see it in the same light. I wish you
do not see anything out Home for them
I do not intend to sign anything
giving her the money, neither will
I consent to her going West, if so it will
surely be against my wishes. I would
never be too glad for her to return
to the School. tryed to persuade her to
return.

Will you kindly inform me if
Emma has drawn all her money
since leaving School. If not please

to inform you.

HOTEL RICHMOND

It further also Benton's.

We keep all Papers + letters until
I hear from you, then return them.

I infer from your letter you do not think
it best for her to return West.

I cannot express the appreciation of
the manner Mr. Estep spoke and the
interest he took in Elizabeth's welfare
being a stranger to me & her. I hope
he will look after those out there.

I thank him very much indeed.

Would like to hear how George is getting
on in school. He writes very cheerfully
of all his surroundings.

I have changed my address. The
man (Mr. Gossup) sold where we
were Aldine 4th ave + 29th st, has bought
here, so now my address will be at
this place.

I thank you so much for all the
kindness you have shown me in

advising me, regarding the Children
you have been more than kind and
in notifying me of this also.

I have made every sacrifice possible
to promote my Children and give
them an Education to prepare them
for Life & Business that they may not
feel the want of such, but it gives
me to think it is not appreciated and
but hope it will be after they get older.

Do you think she can collect the
money without my consent? If not
I want it left in Washington where
it is. I saw Elizabeth two days ago
but ^{she} said nothing regarding this,
and will be in again Sunday, will
then talk it over with her, will let
you know what she intends doing
after seeing her. Hoping to hear from
you at your earliest convenience.

Suggestions for Supplying the Information Requested on this Blank.

1. The report of Non-reservation School Superintendents should be made at the time or a little before the pupil leaves school, whether at the end of the school year or during the year, provided the pupil is 18 years of age and over, or younger, if for any special reason the pupil is quitting school permanently. As soon as this report is received, or at least very soon after the pupil returns home, the Supervisor of Indian Employment will correspond with him, for the purpose of getting more in personal touch with the returned student, and finding out something about his wishes etc. The answer to this letter when received will be attached to and filed as part of this report.

2. Health, height, and weight of returned students are sometimes very essential in placing them properly, but height and weight could be approximated very satisfactorily, though from the pupil records now being gotten up, all information called for in part 1, of this blank, could readily be secured and be definite.

3. The State, Agency, and Tribe are important, and where the pupil is not attached to any agency, this fact should be stated as "no agency," and in such cases the Superintendents should give all available information as to the home and local conditions surrounding the pupil.

4. Where the out-going pupil has passed the Civil Service Examination for any position, this fact should always be noted, giving position for which examination was taken.

5. It should be remembered that the Supervisor of Indian Employment can but seldom have a personal acquaintance with the out-going student, and that he must depend on the information furnished in this report for his basis of action in behalf of the pupil.

6. The degree of Indian blood should always be stated, as this fact largely determines the amount of efforts that will be made on behalf of any particular returned student: Qualifications being equal or even nearly so, the preference will be given to those having the greatest degree of Indian blood.

7. This report should be forwarded promptly to the Supervisor of Indian Employment, Denver, Colorado.

8. Reports on out-going students from Reservation Schools, are made only on pupils leaving the school who are 18 years old or over, and who will probably not go away to school.

9. If Part 1, of this report is made out by the Principal of the Reservation School, the Agent or Reservation Superintendent should supply information called for in Part 2, if the Principal has not the necessary information on home surroundings and local conditions. Information in regard to home surroundings and local conditions is very essential to properly understand the pupils' difficulties and needs.

10. When Part One is made out by Non-reservation Superintendents, this blank will be sent by the Supervisor of Indian Employment to the Agent or Superintendent of the Reservation, where the out-going student belongs, to have Part 2 filled out. This should be filled out and returned to the Supervisor of Indian Employment, Denver, Colorado, as promptly as possible, for, practically nothing can be done, till the receipt of this blank, with Part 2 filled out by the Reservation authorities. The information "Employed since return as follows," will be valuable only in cases where the pupil has been home for some time.
