SPECIAL NOTE.

This form must be executed in duplicate when a child is transferred from a reservation to a non-reservation school. The agent will then send to the Commissioner of Indian Affairs his certificate as provided by law. All the blanks must be properly filled in every case.

NOTE.—Age limits, fourteen to twenty years. Preferably fourteen to eighteen. Students must be at least one-fourth Indian, preferably full Indian. Special cases beyond the age limit will be given consideration. An industrial course only can be taken and the term reduced to three years, in exceptional cases.

INDORSEMENTS.

The laws relating to the transfer of Indian children from reservations and schools are as follows:

That hereafter no Indian child shall be sent from any Indian reservation to a school beyond the State or Territory in which said reservation is situated without the voluntary consent of the father or mother of such child if either of them is living, and if neither of them is living without the voluntary consent of the next of kin of such child. Such consent shall be made before the agent of the reservation, and he shall send to the Commissioner of Indian Affairs his certificate that such consent has been voluntarily given before such child shall be removed from such reservation. And it shall be unlawful for any Indian agent or other employee of the Government to induce, or seek to induce, by withholding rations or by other improper means, the parents or next of kin of any Indian to consent to the removal of any Indian child beyond the limits of any reservation. (28 Stats., p. 906.)

Provided, that hereafter no Indian child shall be taken from any school in any State or Territory to a school in any other State against its will or without the written consent of its parents. (29 Stats., p. 348.)

The rules provide that—

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other nonreservation school without the consent of both Superintendents and the Commissioner of Indian Affairs, and Superintendents will be held to strict accountability for such pupils taken to their schools.

An Indian boy or girl 18 years old and over may, without the consent of parents or others, personally sign the application form on its being changed to suit the case.

This form is to be used only in transfers from reservations, or Indian schools, to nonreservation schools.

Mr. M. Friedman, Superintendent.

Sir:-

Francis Pambrum has requested permission to work under the Outing for Neusbaum & Bettilyon, a plumbing firm of Carlisle, Pa. installing the plumbing of the new Lavatory. I have explained thoroughly to him the rules and regulations that will govern his work and money for his labor. Also the necessity of his attending "Study Hour". To all of these requirements he has given cheerful consent.

I would therefore respectfully recommend that his request to work be granted and that he be permitted to work all day as I think it a grand opportunity to learn the Plumbing business.

Very respectfully,

Carlisle, Oct. 24, 1913.

Dear Superintendent:

The following is my report upon Francis Pambrum, a student of this school, and a deserter:

Francis was found working in the R.R. Shops of Altoona Pa., and came back with me only by compulsion and did not seem one bit penitent for his actions. He seems to feel that he is the injured party, and his whole mind is set upon the idea that Carlisle can do him no good; that he can do so much better when free from the school; that he can never be contented at Carlisle etc. etc.

Francis does not express any personal grievance against anyone, but assured me that he could not be kept here unless under guard all the while; that he would run away as often as brought back etc.

I turned him over to the disciplinarian and the following is his report.:

Mr. Dickey, Outing Agent:

I find that Francis Pambrum will not remain at the school unless kept constantly in the Guard House and that when he is released he will again run away. I have had some talk with him and asked him if there was any way that he would stay his term of enrollment with the Carlisle School as a regular student and not be classed as a chronic runaway; he finally agreed if permitted, to return under the Outing management for the balance of his term here and abide with all the rules of the Outing. Mr. Pensyl with whom he has been before is willing to take him back to work at his trade and that he will keep him strictly under the Outing rules. He has been with this man before and I believe that everything was all right. All this Mr. Pensyl told over the 'Phone today and on account of the entire circumstances connected with this case as well as doing the best for the boy and converting him from a runaway into a good trade student I would advise that he be placed at once under the Outing with Mr. Pensyl. I have put Francis upon his honor to await the action in his case and since he expresses willingness to return to the Outing and has pledged himself to remain at school till I notify him of the final disposition of his case I have not placed him in the Guard House.

D. T. Dickey
Outing Agent.

Oct. 27th, 1913.

Mr. McKean:

I have noted Mr. Dickey's report of the 24th instant, regarding Francis Pambrum, in which he quotes a report from you regarding the same matter. In view of the fact that Francis has not been punished for his desertions and has been shown leniency not fair to other students, all of which has not changed his attitude, it is directed that he be confined to the Guard-House and deprived of such other privileges as may be consistent with the nature of his misconduct.

Respectfully,

HKM.

Superintendent.

Dear Sir:

I have your letter of February 19th, relative to Francis Pambrun. In reply I have to advise that I have secured authority to pay Francis' transportation expenses from St. Louis to his home. I did not know about his people, so I wired the Superintendent of the Blackfeet Agency for some suggestions in the matter. I realize fully the unfortunate condition of Francis, and I shall do everything I can for him. I wish you would write me fully regarding him and any suggestions you may have to make relative to his future will be appreciated.

Very truly yours,

Officer In Charge,

Dear Sir;

I am a distant relative to Francie Pambrun, who, until recently, has been a pupil in your school. Mr. Pambrun met with a serious accident about a month ago in St. Louis, Missouri, and the consequences are that both of his lower limbs were amputated above the ~~knees~~. The operation he had was successful and artificial limbs are being fitted to him now. It will take about a month more to complete this work, and at the end of that time I am at a loss to know what to do with him, as all he knows how to ^{do} is what he learned at your school about plumbing. In his present condition he could not follow that trade, and I am desirous of knowing whether or not you would take him back as a pupil to ^{him} teach something he can make a living at.

Hoping to hear from you soon, I remain,

Yours very truly,

While at Carlisle I had a small sum of money in the school bank which was earned while out under the Outing System.

I would like to know if you would forward same to me or to the bank here at the school, so that I may have the use of it.

I do not know the exact amount but am under the impression that it was near seven dollars.

I would also like to have the Arrow sent to me if this money is there.
