Dear Sir. 660

I am here at home

Jan. 27th, 1915.

Mr. John R. Howard,
Superintendent, White Earth Agency,
White Earth, Minn.

My dear Sir:

John Sutton, who has been enrolled at Carlisle since 1910, has received a letter from his home stating that his father is ill and needs his assistance.

John's period of enrolment had terminated at the close of school in June of 1913 but it is yet his desire to remain in school if his people can get along without his help. It is desired, therefore, that you find out as soon as convenient what the condition of his father's health is and that you recommend what John should do.

John seems to think that his people could be reached from Sandstone, Minnesota, but he does not know exactly where they are at this time.

Very respectfully,

HKM.

Supervisor in Charge.

660

Febr. 3rd, 1915.

Mr. John R. Howard,
Superintendent, The White Earth Agency,
White Earth, Minn.

My dear Sir:

Referring to my letter of January the 27th relative to John Sutton's anxiety about his father, this is to advise that John has become more alarmed and has requested that he be given permission to leave for his home. Accordingly, arrangements have been completed so that he can start for his home this evening. Transportation for his passage to Sandstone will be provided for his use.

I should have liked to see John remain in school because he has proven himself dependable and a fine young man in every respect.

Very respectfully,

HKM.

Supervisor in Charge.

660

Febr. 5th, 1915.

Mrs. Wm. Holmes,
Frederic, Wisconsin.

My dear Madam:

I have received your letter of February the 3rd, requesting that John Sutton be given permission to return home to be of assistance to his parents. In reply thereto I must state that John left here to go to his home on Monday of this week. At his request a ticket good for his passage to Sandstone, Minnesota, was provided for his use.

Hoping that he has reached his home by the time this letter is delivered to you and that he can then give the assistance of which his parents are in need, I remain,

Very truly yours,

HKM.

Supervisor in Charge.

Mr. Henry Sutton,

Danbury, Wisconsin.

My dear Sir:

Replying to your letter of recent date, I have to report that it would not be advisable to allow your son John to return home before the close of school in June. However, he will be entitled to return here at that time and in the meanwhile I would be pleased to hear from you to what point you desire to have him sent.

John has been doing very well in school here and was given a certificate last week at our Graduation Day exercises showing that he has completed his trade.

Very truly yours,

HKM.

Supervisor in Charge.

John did not like this home and was transferred to G. B. Brown of Yardley Pa. on Jan 15th, 1912. John claimed Mr. Palmer was unkind to him and Mr. Palmer in turn accused him of being slow and untrustworthy.

This appears to be a good home but one that affords heavy work. John appears to be of a kind and willing disposition and bore a good report in his school. I am not in position to judge who was to blame for the trouble.

INFORMATION REGARDING RETURNED STUDENTS
PART 1
REPORT BY SUPERVISOR OF INDIAN EMPLOYMENT OR RESERVATION SCHOOL SUPERINTENDENT

SUGGESTIONS FOR SUPPLYING THE INFORMATION REQUESTED ON THIS BLANK

1. The report of nonreservation school Superintendent should be made at the time or a little before the pupil leaves school, whether at the end of the school year or during the school year, provided the pupil is 18 years of age or over, or younger, if for any special reason the pupil is quitting school permanently. As soon as this report is received, or at least very soon after the pupil returns home, the Supervisor of Indian Employment will correspond with the returned student for the purpose of getting more in personal touch with him and finding out something about his wishes, etc. His answer will be attached to and filed as part of this report.

2. Health, height, and weight of returned students are sometimes very important in placing them properly; height and weight could be approximated very satisfactorily, though from the pupil records now in use all information called for in part 1 of this blank can readily be obtained and be definite.

3. The State, agency, and tribe are important, and where the pupil is not attached to any agency this fact should be stated and the Superintendent should give all available information as to the home and local conditions surrounding the pupil.

4. Where the outgoing pupil has passed the civil-service examination for any position, this fact should always be noted, giving position for which examination was taken.

5. It should be remembered that the Supervisor of Indian Employment can but seldom have a personal acquaintance with the outgoing student, and that he must depend on the information furnished in this report for his basis of action in behalf of the pupil.

6. The degree of Indian blood should always be given, as this fact largely determines how much effort will be made on behalf of any particular returned student; qualifications being equal, or nearly so, the preference will be given to those having the greatest degree of Indian blood.

7. This report should be forwarded promptly to the Supervisor of Indian Employment, Indian Office, Washington, D. C.

8. Reports on students from reservation schools should be made only as to those who leave the schools at 18 years of age, or older, and who will probably not go away to school.

9. If part 1 of this report is made out by the principal of a reservation school, the reservation Superintendent should supply information called for in part 2 if the principal is not informed as to home surroundings and local conditions. Such information is essential to a proper understanding of the difficulties and needs of the pupil.

10. When part 1 is made out by a nonreservation Superintendent, this blank will be sent by the Supervisor of Indian Employment to the Superintendent of the reservation where the outgoing student belongs. He should fill out part 2 and return the blank as promptly as possible, for practically nothing can be done until the information called for in part 2 is supplied.

Information under the heading "Employed since return as follows," will be valuable only in cases where the pupil has been home for some time.

That hereafter no Indian child shall be sent from any Indian reservation to a school beyond the State or Territory in which said reservation is situated without the voluntary consent of the father or mother of such child if either of them are living, and if neither of them are living without the voluntary consent of the next of kin of such child. Such consent shall be made before the agent of the reservation, and he shall send to the Commissioner of Indian Affairs his certificate that such consent has been voluntarily given before such child shall be removed from such reservation. And it shall be unlawful for any Indian agent or other employee of the Government to induce, or seek to induce, by withholding rations or by other improper means, the parents or next of kin of any Indian to consent to the removal of any Indian child beyond the limits of any reservation. (28 Stats., p. 906.)

Provided, That hereafter no Indian child shall be taken from any school in any State or Territory to a school in any other State against its will or without the written consent of its parents. (29 Stats., p. 348.)

The rules provide that—

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other nonreservation school without the consent of both Superintendents and the Commissioner of Indian Affairs, and Superintendents will be held to strict accountability for such pupils taken to their schools.

An Indian boy or girl 18 years old and over may, without the consent of parents or others, personally sign the application form on its being changed to suit the case; but in all cases where the parents are living they should first be consulted.

Dear Mr. McKean:

I submit below for your information a copy of a letter that has just been received from John Sutton, who recently went to his home:

"I request you to send me my trust patent containing 80 acres of land. Mr. McKean left it at the disciplinarian office. I forgot to take it when I left Carlisle. If you will kindly look for it and transferred to Danbury, Wisc. Please sent it to me soon as possible as you can."

If you can give me any idea where the paper referred to might be the favor will be appreciated.

Mr. John Sutton,

Danbury, Wisconsin.

My dear Friend:

When a copy of the letter you addressed to me in February about your trust patent was referred to Mr. McKean he stated that the papers were left in his desk at the office in the Large Boys' Quarters. A thorough search was then again made but nothing has been found of the trust patent and it is my suggestion that you apply for a duplicate.

If you desire that I shall be of assistance please let me know.

Hoping that you are getting along well at your home, I remain,

Very truly yours,

HKM.

Supervisor in Charge.
