Mr. Charles Dillon
St. Xavier, Mont.
Dear friend:-

It has often been said that students at various schools who have made any special reputation as athletes, never amount to anything after leaving school. To show that this statement is not true as far as Carlisle is concerned, I have prepared an article, to be illustrated, on the splendid success of some of our most prominent graduates and ex-students who while at Carlisle were conspicuous in athletics.

I propose to publish this article in the Red Man our school magazine and afterwards in pamphlet form for general distribution. The article is now ready and I am waiting for some suitable photographs to illustrate it.

I want a view of your shop with you at work and would be glad if you could have this taken as soon as practicable and send it to me. I will send you check for whatever it cost you. The picture must be about 5" X 7" in order to insure a good cut and can be un-mounted.

Wishing you continued success, I am
Very truly yours

Superintendent.

One of the most exciting things to happen during the football season of 1903 took place in the Harvard stadium when the Indians were playing Harvard University. During the game, Charles Dillon, a Sioux, after running the whole length of the field, made a touchdown with the ball tucked under his jersey. This young man, although he did not stay long enough to graduate, is now living in Montana, where he is in charge of the blacksmithing department on the Crow reservation. He married a Crow girl who is a graduate of the school, and is considered a successful employee of the government.
