UNITED STATES INDIAN SCHOOL
CARLISLE, PA.

Mrs. Denny:

Katie May entered Carlisle in September 1908 and was placed in the third grade. She completed the seventh B grade in June 1913 when she left.

I am of the opinion that she is very much lacking in entrance requirements to permit of her entering one of the larger hospitals for training.

Her average grades during her last year at Carlisle were good. They are as follows:

Arithmetic	86
Reading	83
History	93
English	87
Spelling	78
Physiology	90

Very truly yours,

C. M. Blair

UNITED STATES INDIAN SERVICE

KIOWA INDIAN AGENCY

ANADARKO, OKLAHOMA

Feb. 2, 1918.

Mr. John Francis, Jr. Supt.,
Carlisle Indian School,
Carlisle, Pa.

Dear Sir:

Katie May, one of the Indians under the jurisdiction of this agency, is very desirous of enrolling in one of the Eastern training schools for nurses and in corresponding with the Indian Office concerning the matter it has been suggested that in view of the fact that she has spend six years at Carlisle that the Jefferson hospital of Philadelphia, might afford the opportunity for her to secure training.

While, of course, it is entirely practical and feasible for me to take up this matter direct with this institution, still in view of the fact that this girl has spent so much time at your school and that you have, so I am advised by the Indian Office, several ex-pupils enrolled in this institution, it has occurred to me that perhaps better results could be accomplished if you would assist us by taking up the case with the hospital authorities. Your records will show the time during which this young lady was enrolled in your school, the advancement that she made in her studies and the nature of her deportment, all of which information I do not possess.

In addition to this information, I have to advise you that I have had the young woman employed as an assistant at the Indian hospital at Lawton, since March 1, 1916, in which position she serves in

the capacity of an assistant nurse and has rendered very capable service, indeed. As a matter of fact it is her service at the hospital which has prompted her desire for definite hospital training.

I trust that you may have the opportunity and be willing to assist me in this matter and should be glad to hear from you at your convenience.

Respectfully,

C. O. Shuchman
Superintendent.

Domestic Science, some Chemistry and
of which demand a February Foundation equal
to High school training. Eighteenth, without it they could
not probably do the 1919-18

I am in sympathy with the case but I do not be-
lieve that we could help you here. It might be
possible for you to get her into one of the east-
ern school for nurses where the requirements are
not so high. If you can think of any way in which
I will be glad to.

Mr. C. V. Stinchecum, Supt.,
Kiowa Indian Agency,
Anadarko, Oklahoma.

My dear Mr. Stinchecum:

I am in receipt of your letter dated February 2,
1918 requesting that steps be taken by this school
to assist in obtaining an appointment in the
Nurses' Training School of Jefferson Hospital for
Katie May, a former student.

In response you are advised that our records show
that Katie May entered Carlisle in September 1908.
She had completed the seventh grade in June 1913
when she left. All of the first class hospitals
require a high school education or its equal before
admitting girls to the training course. We have
had some difficulty in arranging for some of our
graduates to enroll as trained nurses by reason
of the fact that they will not always give us credit
for the industrial courses completed by our students
as well as for the academic courses. While Katie
May's grades were good during her last year at
Carlisle, unless she has had academic training
since she left Carlisle she is about five years
under the academic standards set by the hospitals.
They will require her to submit evidence of her
attainments and unless she has attended school
since she left here the reference would have to
be made from Carlisle and under the circumstances
we could not give it.

Katie must be about 25 years old now and could not
very well attend school. I can appreciate your
interest in her, particularly because her experience
as an assistant in your hospital has probably shown
you that she has native ability along the line of
nursing. However, as a trained nurse in the east-
ern hospitals is required to take instruction in

Anatomy, Domestic Science, some Chemistry and all of which demand an academic foundation equal to High school training and without it they could not probably do the work.

I am in sympathy with the case but I do not believe that we could help you here. It might be possible for you to get her into one of the western school for nurses where the requirements are not so high. If you can think of any way in which I can help you in this case I will be glad to.

Sincerely yours,

JF-B

Second Visit.

Patron says K. is not satisfactory, she has an ugly disposition, self-willed and wants to have her own way, impertinent at times, refused to sign her monthly report because Patron did not give her perfect in conduct which she did not deserve. Patron will not keep her unless she does better. K. acknowledged she had done wrong and promised to do better. A letter from the school might help her.
