Dear friend:

Last June when you came here to visit us. I've asked you if I could be transferred.

I have just been thinking about it nearly all the time lately.

But at last thought I would ask you again, if I can stay here for another winter. If it is not much trouble for you. The people here are so nice to me for one reason I do not like

to leave. I will be very much
please if I can stay here.
If it suit you. and many thanks

Locality of home Suburbs of town

Home life and environments Excellent

Trade at school

Nature of work General House-work

Pupil's age 20 Experience

Any general statement or wishes of patron or pupils, together with Agent's estimate of place, people, and pupil:

An unusually attractive home, large shady grounds in suburbs (4 friends) Patim is a practical woman, an excellent house-keeper. Second time Clara has lived with her, the girl is generally satisfactory though a little sulky at times - she is a good plain cook, exceptionally neat about her person and work. She is interested in her work and tries hard to please.

Clara likes her home but as this is her last winter she wishes to return to the school. Patim would like another girl for the winter, not under 16.

Dear Friend,

I ~~have~~ received
your paper some days ago
in regard to the changes
to be made in the spring
about the girls. I have been
a little unsettled about it,
because when Miss Barker
was here she said that
as Clara Ellis had been out
a good while, & sometimes

was unsettled about staying,
she thought I had better
take another girl in the
spring, a good one that
could stay out next
winter with me - She
promised to see I got
a good girl.

Now I find that Clara
would like to stay for
the summer. If she
will do as well as she
knows how I would
be ^{very} sorry to part with

her. She is not perfect,
no one is in this state
of being, but she is clean,
neat, orderly & honest,
generally good natured.
She is not good about
getting up in morning
I often have breakfast
most ready before she
comes down, although
I call her when I first
get up. This is one
offset to her good qualities.
Now I feel that you had
best help me decide, I

would be very sorry to
part with her & get a
poor girl - Miss Gairner
I think understands the
situation - Clara is doing
nicely at school, enjoys
her teacher & work -

Very Truly

Suggestions for Supplying the Information Requested on this Blank.

1. The report of Non-reservation School Superintendents should be made at the time or a little before the pupil leaves school, whether at the end of the school year or during the year, provided the pupil is 18 years of age and over, or younger, if for any special reason the pupil is quitting school permanently. As soon as this report is received, or at least very soon after the pupil returns home, the Supervisor of Indian Employment will correspond with him, for the purpose of getting more in personal touch with the returned student, and finding out something about his wishes etc. The answer to this letter when received will be attached to and filed as part of this report.

2. Health, height, and weight of returned students are sometimes very essential in placing them properly, but height and weight could be approximated very satisfactorily, though from the pupil records now being gotten up, all information called for in part 1, of this blank, could readily be secured and be definite.

3. The State, Agency, and Tribe are important, and where the pupil is not attached to any agency, this fact should be stated as "no agency," and in such cases the Superintendents should give all available information as to the home and local conditions surrounding the pupil.

4. Where the out-going pupil has passed the Civil Service Examination for any position, this fact should always be noted, giving position for which examination was taken.

5. It should be remembered that the Supervisor of Indian Employment can but seldom have a personal acquaintance with the out-going student, and that he must depend on the information furnished in this report for his basis of action in behalf of the pupil.

6. The degree of Indian blood should always be stated, as this fact largely determines the amount of efforts that will be made on behalf of any particular returned student: Qualifications being equal or even nearly so, the preference will be given to those having the greatest degree of Indian blood.

7. This report should be forwarded promptly to the Supervisor of Indian Employment, Denver, Colorado.

8. Reports on out-going students from Reservation Schools, are made only on pupils leaving the school who are 18 years old or over, and who will probably not go away to school.

9. If Part 1, of this report is made out by the Principal of the Reservation School, the Agent or Reservation Superintendent should supply information called for in Part 2, if the Principal has not the necessary information on home surroundings and local conditions. Information in regard to home surroundings and local conditions is very essential to properly understand the pupils' difficulties and needs.

10. When Part One is made out by Non-reservation Superintendents, this blank will be sent by the Supervisor of Indian Employment to the Agent or Superintendent of the Reservation, where the out-going student belongs, to have Part 2 filled out. This should be filled out and returned to the Supervisor of Indian Employment, Denver, Colorado, as promptly as possible, for, practically nothing can be done, till the receipt of this blank, with Part 2 filled out by the Reservation authorities. The information "Employed since return as follows," will be valuable only in cases where the pupil has been home for some time.
