My dear friend:

I wish to tell you something about my boy Dr. Since he went out in the Country he has written to me once and that is his home-letter. I am not satisfied the way he is working for those people. When you wrote to me

you told me he was to work
with the Lady to do light
work around the house for the
Lady, such as bringing in wood
and feeding the Chickens and
do little of Garden work, but
I see it is all different, he is
not saving the Lady's steps, but he
is doing this to the man. He takes
care of the horses & Mules and
milks Morning and evening, and
he drives the Mules and Crolles
the ground and so on, This
is not the understanding I received
from you, Now I wish to have this
stop, he is only a child, not a
young man, he is working too
hard, worst of all I do not allow

to have any thing to do with Horses
and Mules, for there is no telling
when the Mules might kick. He
is too young to do such work.

When you told me what work he was
to do when he got there, that is all.
That got me to let him go in
the Country. He claims to like
the place all right. it is the work
that he has to do. I do not like.

How much does he receive a
Month? by doing such work. Now
dear friend. I want you to do a favor
for me. To stop minding the Horses
and Mules. and also Milking the
Cows he cannot stand the work.
I am so sorry I allow him to go out.
Please tell me the name of the

people he is working for; when
he wrote to me, he did not tell
me. I would be very glad to
know, this is all at present.
I am well so far. I remain
as ever your friend

Dear Friend:-

I wish to write to you to day, something about my boy Ira. I received his home-letter. When Mrs Denny asked me if I would allow him to go out in the Country. She told me that a Lady would like to get a boy that would help her around the house, nearly to save her steps. This is the understand-
-ing

I received from her. But I see it
is all different. That is all I allowed
him to go out in Country.

He tells me in his letter what he
is doing every day taking care
of Horses and Mules and also
the Cattle. He is too young to
do all this.

Now I want you to see, that
he does not do such work, above
all things. I object, that he must
not have any things to do with
Horses and Mules. I am very much
alarmed about this. It is the
reason why I write to you, to
see about him. If I had known
how he is, I would not allow
him to go out.

Dear Friend:-

I would be very sorry to have my boy Ira to return School since the outing is doing good to him. If he is improving in health since going out, he can remain until School begins again. All I was bothered in mind

is when he is minding the
Horses and Mules, for I am
afraid those mules might
kick him to death, for I have
known so much of that happen.
I will write to him, and tell him
to be very careful about what he
is doing. When he wrote his home-
letter to me he seem contented.
which I am glad. I hope he will
be all right there.

Eddie Adams wrote a letter to
me asking about his Mother.
Like great many they have been
going here and there. I heard
they were going back home this
Spring. so they must be home
now. I will give you their
address.

Dear friend:-

I have been wanting
to write to you, ever since I
received the invitation for the
Commencement. was very sorry
I could not attend. but my
mind was there, wishing you
and the students a success.
I see that my boy Ira is again
out in the country. I hope he

will do well, and keep up his report, I wrote to him, and told him to write to me soon but no answer. I suppose he waits until he writes a home letter.

Mr George James was here the other day wishing me to write to you about his daughter Martha James. He wrote to you once asking you to let Martha come home. They have heard at different times, that Martha was in the Hospital sick for a long time. That was the reason he wrote you a letter. He said he would be very glad that his daughter would finish

her five years. It was Lucy and Agnes Stevens that makes those reports on Martha. I told Mr James you was the one that would say something about it, I have told them how they are taken care of, when the students are sick.

When Mr Sownick was nearly killd. I heard they wrote to you to let David Sownick, his son to come home, and do the work. I was very sorry, for they have no reason to call him home. There is enough of them to do the work. If they send money, I advise you not to let him. He is better off where he is. Let him complete his term.

Dear friend:-

I have your letter and am glad to get the notes regarding some of our returned students which you have given. Your boy Ira is living with his cousin Rachel this summer and from all reports is doing well and is well liked. He is earning \$4 a month, \$3 of which comes to his bank account each month. If he saves like this all the time, he will have quite a little bank account some day.

Martha James is one the home list so she will be out there sometime after the middle of this month. Her father will be written to when she leaves for her home.

David Sawmick is getting along nicely in the country. I am glad to know what you tell me about his home conditions. The Stevens girls are also both in the country doing well.

With best wishes to you, I am

Very truly yours

Superintendent.

Dear friend:-

I received the check with Chester Cabay's signature and wish to thank you for your help in this matter. I am very sorry that Chester behaved in the manner he did. He made a splendid record all through the summer while working for Mr. Luckenbach and it is a great pity he fell down at the last.

Your little boy Ira, seems to be getting along all right in the country. I presume he writes to you often and tells you about himself. His reports to the school are always very good.

With best wishes to you, I am

Dear friend:-

I am sending you in this letter a check for \$16.76 made payable to A.H. Luckenbach and I would like you to get Chester Cabay's signature to it and return it to me in the envelope which I enclose which requires no postage.

When Chester ran away from Mr. Luckenbach's a few weeks ago, he took with him a bicycle belonging to his employer. Mr. Luckenbach claims that the bicycle is worth \$25 but as this amount, \$16.76, is all Chester has in bank here, I am sending a check for that amount.

Thanking you for your help in this matter,

I am

Very sincerely yours

Dear Friend:

I have your letter of the 14th and am glad to know that you have decided to allow your boy to remain in the country with his present patrons. Mr. Brandt came in to talk the matter over, and seemed very much concerned that you are not satisfied with his treatment of the boy. Both Mr. and Mrs. Brandt are very kind people, and I am sure that they will take good care of Ira.

Very truly yours,

Mrs. J. W. Johnston,
Bay City, W. S. Mich.

Dear Friend:

I have your letter relative to your son Ira, ^{who} is now in the country. I am sorry that you feel that we had broken faith with you regarding his work in the country.

When Mrs. Brandt made application for a boy, she asked for one who could do the work mentioned in Mrs. Denny's letter to you. When I read Ira's home letter, I knew then how you would feel about his work.

I saw Ira last Saturday, when his country mother brought him in for some clothing. He has grown fat, looks very well, and seems entirely content and happy. He looks much better now than when he was here. He says that the people are kind to him, and that he likes his home.

Mrs. Brandt says; he does not like to do house work, but prefers the outside work, and had been allowed to do some of this kind of work a few times. Boylike he brags about this kind of work in his home letter, and gives you the impression that this was all he did.

I would dislike very much to recall Ira, but of course, will do as you wish. The name and address of his employer is Mr. Emmett Brandt, Allen, Pa., and if you wish to write to him you can do so. I will also send your letter to me to Mr. Brandt.

Very truly yours,
