We have 5 children and the 4 of them is going to school with the white children. But I do not intend to have intermarriages I hope the children will marry their own kind. I respect my own race.

Three cheers, good luck, long life and our guiding staff to dear old Carlisle. I hope some day to visit it. To the root of it is certainly a Sonshine scatterer.

Yours. Respectfully

Dear Alumnae association:-

Your invitation letter for the Commencement this year March 31st was received, few days ago. I am very sorry to say that I cannot be present. In course of time I may be better prepared to visit my old school home at one time, and owe much to it the benefit I received while there more so than any thing that I know, and being an under graduate cannot very well express the language how thankful I feel for the uplift I received from it. It comes good now in my present living, learned enough so that I could live a amongst the white people and

do. My good husband and I
and our five children live
right in the heart of the city
Sarnia. The three of the children
are going to school every day
and fortunately the home is ours
too, and now wishing the out
going Class of 1912 three cheers
forever holding up their banner.

Good Bye

Hoping to hear from you some
time again.

Respectfully yours

Mrs Belsey Ermatinger.

My dear Friend:

I have noted what you state in your letter of August the 13th, and just as soon as I receive applications for the enrolment of the Gray girls in whom you have become interested I can advise you further just what can be done regarding your desire that they be enrolled at Carlisle.

I am pleased to know your farming venture has turned out so satisfactorily the first year, and I hope to hear that you and your husband will meet with further successes in the work.

Very truly yours,

HKM.

My dear Friend:-

Mrs O. H. Lips.

I received your letter but I am very sorry to tell you that we will not be able to pay the transportation on account of the way as we have just moved here it required a little money to start to farm and my husband done as best he could plow and clear and make the fence at the same time this spring and we will not have a go for two or three years and he has done pretty well so far we will have enough corn for the pigs and chickens and a cow and oats for the team I hope we will do better next year and cannot tell you all in this letter But I hope you will take the two Gray girls the younger one must be about 14 now and as for my girl she is going on 14 years in a few months you might as well take them if you will as soon as I get word from you I will take them to sit Pleasant as all our people are out there the Grays girls have grand mother there too, in fact she is my sister in law, they are living with their Aunt in Sarnia just now, and hoping to hear from you soon. And please send penile writing

Yours Respectfully
