Dear Sir:

Am writing you a letter
and I wish you to do the best
you can to see if you can
send for me "right away" or
next month. The Commissioner
of Education of Porto Rico
wrote a letter to my boss
asking for a full informa,

tion about me. Of course I
work all right. My ⁽²⁾ ~~conscience~~
and health are good, and
everything about me turns
all-right with the exception
of my schooling. I don't go
to school - because I am
in a high grade and it
is mighty hard for me to
keep up with my studies
and work half a day. It's
impossible to attend a High
School and work half a
day. If you think so I
wish you to answer me

the following questions: (3)
How about when the pass-
ing grade examinations
come, do you think they
are going to give me a
whole grade, for only half
of work I done during the
entire year? To explain you
better. Suppose I kept go-
ing down that High School
I only took Arithmetic, Lan-
guage, Biology Spelling or
Penmanship. a boy that
goes a whole day takes

4
Arithmetic, ^{to} ² ^{or}, Spelling
or Penmanship, ^{evening},
Latin, Biology, History etc.
They work twice as much
as I do and I think that
any person who has common
sense and knows how to
use it, will not give a
scholar who attended school
only half a day, his pass
for a higher grade, if
other boys and girls had
to work twice as much
as he had.

The Peo^{ple} here? Porto Rico
are spending money on my
education. They ain't
throwing money away.
I am here but I ain't get-
ting no more education
in schooling than a crazy
person does in an "insane
asylum". I want to go
back to the Carlisle Indian
School, or I want you to
let me go to New York City
where I can arranged with
some people and attend
school all day and learn

because that's what for
they send me. I've done
wrong in staying under
the outing because my
schooling is not as it use
to be in the Carlisle In-
dian School. Therefore,
I wish you to send for
me within two weeks or
else I'll arranged some
how so I'll be liable to
go to school all day.

My boss is willing to
let me go any time, he
just want a week's no-
tice and I pay my

tuition as usual,
I am not fitted for
I want to go to
school ^{and must} according to what
the Government of P. R. says
If you have time I wish
you to answer me as
quick as possible.

I wish some more
education is schooling
because I need it, and
I must have it if the
People of Porto Rico afford
money to pay for it

Hoping that you speak for
me. My boss is now done
let me go; and I wonder
that you are willing to ~~see~~
me if I pay my tuition.

after all. The results
are that the People of Porto
Rico are paying for my Edu-
cation and I must have
it.

I want you to let me
know if you ain't going
to send for me so I fixed
with the Commissioner of
Education.

Sincerely Yours
Manuel Fudolp

Dear Sir:

Dear Sir:
Your letter of 16th received, you instructed me to get a report of Manuel Bridges who is working for Mr. Chas. C. Hadley of this place.

Mr. Hadley says Monrose came to him last
March, he has improved in type-setting and
can force a cylinder press. his work is satis-
fying, he has a very ugly disposition, self-
willed, does not like to be instructed, and
+ very imperfect at times. disagreeable about
his home, very much to his sister.

Manuel receives an allowance of twenty-
dollars each month and spends it. Mr. Hadley
says if the money does not come on day the
boy expects it. he is very angry + abusive.
Manuel enters school in Sept. Endy
finds report of Mr. F. S. Washburn Principal of school.
I talked to Miss Walters, teacher of 5th grade who

Dear friend:-

I have just learned through Miss Gaither's report that Manuel Hidalgo has not been attending school as he should have been doing since the first of September according to agreement with you. You can return him to the school immediately on receipt of this letter. He probably has enough money in his hands to pay his fare to Carlisle. You can send me check for whatever is due him. Do not give him any spending money from the amount due him.

Very truly yours

Superintendent.

Dear Mr. Dunlevy:

I regret very much that this reply to your inquiry about Manuel Hidalgo's progress has been so long delayed. When your communication was received Manuel was located at Kennett Square and it took some time before definite information could be secured.

Thru the failure of Manuel's employer to cooperate with us as fully as he should have done Manuel attended school very irregularly while at Kennett Square, and as soon as such information was conveyed to me I gave instructions to have him brought back here. As this was also in accordance with Manuel's desire he has now been at his studies here for several weeks, and the verbal reports that have come to me from his teachers and from our Principal Teacher are most favorable. Manuel has been hard to handle several different times since he came here, but he is bright and ambitious and I am pleased to say that he seems to be a better and more industrious boy now than he has been at any time since he came here.

He is now enrolled in the class here known as Seventh Grade ending, so that if he passes in his examinations he

will take up Eighth Grade work right after our Commencement in April. Manuel has made more rapid progress in the past than some of his classmates, and has been promoted in the middle of the school year, so that if he continues to do as well as he has been doing since his return to school last month he should complete Eighth Grade work next year.

While at Kennett Square he devoted all his time out of school to practical work in a small printing plant, where both job and newspaper work was done. He will have a chance to take up his work in our print shop at the beginning of next month, so if he applies himself as closely as he did during his former stay in the print shop he will soon have quite an extensive knowledge of the printer's trade.

Now that he is back again in school his monthly report cards will be mailed to you regularly.

If I can give you any other information I will be more prompt with my reply when I hear what is desired.

Very truly yours,

HKL.

Dear Mr. Friedman:-

I am very desirous of receiving from you information regarding our scholarship student, Manuel Hidalgo, who is at the present time at Kennett Square.

Is he attending school in addition to learn- something of the printing business? What school and grade is he attending? What are his opportunities to acquire a working knowledge of the printer's trade? Will he obtain an Eighth Grade or Grammar School Diploma, this June?

Thanking you in advance for as comprehensive a report as you can give on Manuel and also for some of his monthly report cards in order that we may judge whether it is wise to continue his scholarship,

Very truly yours,

Dear Sir:

Manuel Hidalgo started to attend our school in Sept. After a trial in classes and an examination by myself, I placed him in our 7th grade where I am sure he should be. His teacher consented to arrange her program so that Manuel could take his school work during a half day, thus allowing him to work the other half. But Manuel refused to come unless he could be where he himself wished. So I have not seen him since Sept.

Very truly yours,
