Dear Sir,

July 28th, 1914.

Scott Dewey:

I submit below for your information a copy of a letter that was addressed to me on July the 23rd by Superintendent Norris of the Shoshone Agency at Fort Washakie:

"Replying to your letter of July 18, 1914, you are informed that there are no funds credited to the estate of Theresa Dewey. There is a balance of \$38.92 credited to the estate of Duck Dewey after deducting \$15.00 to defray the expense of the hearing to determine the heirs to the estate.

As Scott Dewey is entitled to 1/8 of the Duck Dewey estate there will be transferred to his credit the sum of \$4.86.

If Scott requires special treatment for his eyes which cannot be given at Carlisle, it is suggested that he be sent to the Philadelphia Hospital at Government expense or that he be returned to his home in order that he may be treated by Dr. C. H. Dewey, the Indian Service Oculist who will be here about August first."

Very respectfully,

HKM.

Mr. Joseph H. Norris,
Superintendent, The Shoshone Agency,
Ft. Washakie, Okla.

My dear Sir:

Scott Dewey has requested me to find out what amount of money he may expect from the estates of Duck Dewey and Theresa Dewey, having been notified by a circular communication from your Mr. Mayer on June the 6th, last, that he is entitled to a 1/8 in the former estate and 9/36 in the latter.

Scott desires to go to a Philadelphia Hospital for eye treatment before the opening of school in September if he can secure an amount of about \$50.00 from which to defray the necessary expenses. If money now to his credit or to which he is entitled may be expended for such a purpose I would recommend that it be transferred here for his use.

Will you please let me hear from you regarding his request?

Very respectfully,

HKM.

Supervisor in Charge.

The agent will then send to the Commissioner of Indian Affairs his certificate as provided by law. All the blanks must be properly filled in every case.

NOTE.—Age limits, fourteen to twenty years. Preferably fourteen to eighteen. Students must be at least one-fourth Indian, preferably full Indian. Special cases beyond the age limit will be given consideration. An industrial course only can be taken and the term reduced to three years, in exceptional cases.

INDORSEMENTS.

The laws relating to the transfer of Indian children from reservations and schools are as follows:

That hereafter no Indian child shall be sent from any Indian reservation to a school beyond the State or Territory in which said reservation is situated without the voluntary consent of the father or mother of such child if either of them is living, and if neither of them is living without the voluntary consent of the next of kin of such child. Such consent shall be made before the agent of the reservation, and he shall send to the Commissioner of Indian Affairs his certificate that such consent has been voluntarily given before such child shall be removed from such reservation. And it shall be unlawful for any Indian agent or other employee of the Government to induce, or seek to induce, by withholding rations or by other improper means, the parents or next of kin of any Indian to consent to the removal of any Indian child beyond the limits of any reservation. (28 Stats., p. 906.)

Provided, that hereafter no Indian child shall be taken from any school in any State or Territory to a school in any other State against its will or without the written consent of its parents. (29 Stats., p. 348.)

The rules provide that—

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other nonreservation school without the consent of both Superintendents and the Commissioner of Indian Affairs, and Superintendents will be held to strict accountability for such pupils taken to their schools.

An Indian boy or girl 18 years old and over may, without the consent of parents or others, personally sign the application form on its being changed to suit the case.

This form is to be used only in transfers from reservations, or Indian schools, to nonreservation schools.

My dear Mr. Lipps:

I have both your letters of October 22nd and November 4th, and have made investigation relative to Scott Dewey's mother's condition. Samuel Wolfrang, who is a very close friend of the family has assured me that his mother will be taken care of this winter and I think you can assure Scott that he need not worry and that his people here, such ^{as} Samuel Wolfrang think it would be best for him to stay and get all he can out of school this winter, as there is but little work to be done here during the winter time. In accordance with the recommendation contained in your favor of the 10th instant it is being arranged so that Scott Devey can leave here for his home on Monday evening of next week, the 29th. Transportation for his passage to Lander will be provided for his use.

I should have liked to see Scott remain in school because he is a splendid young man and has excellent qualities. He should prove to be a help to his mother and it is hoped he will have the opportunity to be successful.

Assuring you that I would be pleased to hear from you when Scott has arrived at his home, I remain,

Will you please let me know whether there is any reason now for Scott's return home which was not apparent when this matter was formerly considered? I would thank you to submit a recommendation in the case.

My dear Mr. Norris:

Scott Dewey has just been in my office, and told me that he has just received a letter from his mother and insisting on his return home. He appears to be very much worried about his mother. He states that she has a team but no one to work it. He has asked me to write to you and find out definitely just what arrangements have been made for taking care of his mother. He seems to be under the impression that since she is living twenty-five miles from the agency, you probably do not know just how she is fixed and what the arrangements are for taking care of her. The boy really appears to be in great anxiety and if you will write me fully regarding the matter, it will no doubt serve to ease his mind.
