My dear Madam:

I have noted what you state in your letter of October the 7th, and it is to be regretted that you are unable just at this time to return your grand-daughters to Carlisle so that they can go ahead with their school work. However, for the reason that they were given permission to return home before the termination of the period of enrolment for which they were originally received here it cannot be arranged now to provide transportation for their use to be paid for from Government funds.

Hoping to hear soon that you can send the girls and just when we may expect them to arrive here, I remain,

Very truly yours,

HKM.

My dear Madam:

Now that five weeks of the school year have already passed I would be pleased to know when we may expect your grand-daughters to return here to complete the periods of enrolment for which they were originally received here.

The girls should not be kept from joining their classes in the very near future, or they will not be able to make the progress that should be made by them during this school year.

Very truly yours,

HKM.

Mrs. E. A. Pierce,

R. F. D. 5, Syracuse, N. Y.

My dear Madam:

As it will soon be time for the return to school of your grand-daughters, Esther and Lois Cooke, I would be pleased to know whether you could assist in securing other students to come on with them. The post card I enclose may be used to transmit your reply. If you cannot give such co-operation just at this time will you please suggest the name of some one near the vicinity of your home who could give such assistance as is desired.

School literature and application blanks will then be sent on, so that there will not be a lack of material necessary to interest students in Carlisle and so that there need be no delay in submitting applications for enrolment to me for consideration.

Assuring you that a reply at an early date will be appreciated, I am,

Very truly yours,

INDORSEMENT.

A child showing one-sixteenth or less Indian blood, whose parents live on an Indian reservation, Indian fashion, who, if debarred from the Government schools, could not obtain an education, may be permitted in the reservation day and boarding schools, but it is preferable that it be not transferred to a nonreservation school, without permission from the Office. Children showing one-eighth or less Indian blood, whose parents do not live on an Indian reservation, whose home is among white people where there are churches and schools, who are presumed to have adopted the white man's manners and customs, and are to all intents and purposes white people, are debarred from enrollment in the Government nonreservation and reservation schools. Superintendents, in all cases where doubt exists as to the degree of Indian blood of a child proposed for transfer, should fully satisfy themselves of the facts by affidavits from reliable persons, which affidavits must be kept on file at the school.

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other non-reservation school without the consent of both Superintendents and the Commissioner of Indian Affairs, and Superintendents will be held to strict accountability for such pupils taken to their schools.

A pupil dismissed from school for cause must not be enrolled in any other school without the permission of the Commissioner of Indian Affairs. Full facts must be submitted with each request.
