Suggestions for Supplying the Information Requested on this Blank.

1. The report of Non-reservation School Superintendents should be made at the time or a little before the pupil leaves school, whether at the end of the school year or during the year, provided the pupil is 18 years of age and over, or younger, if for any special reason the pupil is quitting school permanently. As soon as this report is received, or at least very soon after the pupil returns home, the Supervisor of Indian Employment will correspond with him, for the purpose of getting more in personal touch with the returned student, and finding out something about his wishes etc. The answer to this letter when received will be attached to and filed as part of this report.
2. Health, height, and weight of returned students are sometimes very essential in placing them properly, but height and weight could be approximated very satisfactorily, though from the pupil records now being gotten up, all information called for in part 1, of this blank, could readily be secured and be definite.
3. The State, Agency, and Tribe are important, and where the pupil is not attached to any agency, this fact should be stated as "no agency," and in such cases the Superintendents should give all available information as to the home and local conditions surrounding the pupil.
4. Where the out-going pupil has passed the Civil Service Examination for any position, this fact should always be noted, giving position for which examination was taken.
5. It should be remembered that the Supervisor of Indian Employment can but seldom have a personal acquaintance with the out-going student, and that he must depend on the information furnished in this report for his basis of action in behalf of the pupil.
6. The degree of Indian blood should always be stated, as this fact largely determines the amount of efforts that will be made on behalf of any particular returned student: Qualifications being equal or even nearly so, the preference will be given to those having the greatest degree of Indian blood.
7. This report should be forwarded promptly to the Supervisor of Indian Employment, Denver, Colorado.
8. Reports on out-going students from Reservation Schools, are made only on pupils leaving the school who are 18 years old or over, and who will probably not go away to school.
9. If Part 1, of this report is made out by the Principal of the Reservation School, the Agent or Reservation Superintendent should supply information called for in Part 2, if the Principal has not the necessary information on home surroundings and local conditions. Information in regard to home surroundings and local conditions is very essential to properly understand the pupils' difficulties and needs.
10. When Part One is made out by Non-reservation Superintendents, this blank will be sent by the Supervisor of Indian Employment to the Agent or Superintendent of the Reservation, where the out-going student belongs, to have Part 2 filled out. This should be filled out and returned to the Supervisor of Indian Employment, Denver, Colorado, as promptly as possible, for, practically nothing can be done, till the receipt of this blank, with Part 2 filled out by the Reservation authorities. The information "Employed since return as follows," will be valuable only in cases where the pupil has been home for some time.

Supt Friedman,
Dear Sir,

I am sending
you the blank you asked
me to fill.

Have the home party's
photographs been finished
yet, if so I have heard
nothing of the one that I

paid for. I should be very thankful to have one of the new school catalogues.

I have taken a civil service examination for a position as matron in the Indian service and stood very high in every subject except accounts.

I was given zeros in that subject. It must be that I failed to copy my accounts from my

scratch paper for remember of doing the work and Mr Haygood, our chief clerk, told me, after he had seen my scratch papers, that I had a fine paper and that he saw no reason why I should not pass.

I don't know or remember if I copied it or if I copied it wrong or what. I'm sure I don't enjoy staying on this reservation.

We are having plenty
snow and many fine
sleighrides.

How is Pearl and Harry
getting along? I hope they
are good, about all things.

I must close here with
the seasons kindest greetings
to Mrs Friedman and
to you.

I remain respectfully

Cara Bonser.

January 2, 1912.

Miss Clara Bonser
Rosebud, S.D.
Dear friend:-

I have your letter relative to the home party group which was taken last summer. Your money was received and the photograph sent you about the first of October. Mr. Line, the photographer was out of town during the summer and I was not able to get the pictures until fall. As soon as they came, I sent you one. Perhaps it was received by some of your people and nothing was said to you about it.

I am sorry to know that you failed in the matron's examination. Perhaps the civil service authorities will allow you to take the examination again, since there seems to have been a mistake somewhere. Why not try?

Pearl and Harry are both here and doing well. Harry was working on a chicken farm all summer but returned in November.

With best wishes for the New Year, I am

Your friend

A Pretty Wedding—Bonser-Monteau.

A very pretty wedding recently occurred in Valentine, Nebraska, the contracting parties being Clara Bonser, one of our ex-students, and Mr. Enoch Monteau. The bride was dressed in white satin with an overdress of bridal illusion. She carried a bouquet of white roses. The young couple will make a trip through the West, after which they will be at home to their friends at Whiteriver City, S. Dak. Mr. Monteau was educated in Philadelphia, and is recognized as a man of worth among his people.

2842

1913

Miss Clara Belle Bonser of Rosebud agency, was appointed housekeeper of the Cut Meat day school on January first. She completed the course in the Pipestone training school and returned last June from a three years' course in high school and hospital at Carlisle Indian school. According to treaty with the Rosebud Sioux, positions were to be given to their youth as they became fitted. At a council not long since, it was urged that this requirement was being ignored.
