9. Tell me anything else of interest connected with your life: - I have nothing of interest to tell you. but I will tell you that the education in Porto Rico has improved a great deal since the Americans came up here. We have at the present time great many public schools all over the Island even in the far away countries where the teachers have to go on Mondays at horse back and returned home on Friday afternoon. besides we have two Normal schools one in San Juan, (the capital) and another in Ponce from this my small sister is going to graduated next week and is going to San Juan to get her diploma.

I always remember Carlisle for what I learned there and wish to see Porto Ricans getting an education there.

I will <sup>be</sup> very much please to get the Carlisle Arrow and the School catalogue.

Yours very Respectfully

Matilde G. de Casanovas.
