Mrs. Dolores B. Horton,
Kirkwood, New Jersey.

My dear Madam:

Your letter of very recent date has been received here and it is noted that you must find a place where your seven year old son can be cared for. Noting also that you are anxious to have him enrolled at Carlisle, I must state that we are no longer in a position here to care for boys as young as that. During the past year an effort was made to enroll only those more than sixteen years of age and it is now a ruling that if students less than fourteen years of age are sent here with an older child from the same family special authority must be secured to effect the enrolment.

In view of the fact that Father L. A. Deering, now located at 242 South 20th Street in Philadelphia, has always taken a great deal of interest in the students who were at one time enrolled at Carlisle from Porto Rico it is suggested that you write to him for advice and help in regard to placing your boy in some school.

Trusting that you will succeed in finding a suitable

place where you boy can be cared for and kept in school,
I am,

Very respectfully,

HKM.

Acting Superintendent.

July 22nd, 1913.

Mrs. Dolores Nieves Horton,

67 Agosto St., Caguas, Porto Rico.

My dear Friend:

Your last letter has been held here for some time in order that the renewed request contained therein could be given consideration. Finally it has been decided that it will not be advisable to co-operate with you in finding a place for the boy in whose welfare you have interested yourself for the reason that, sooner or later, the special arrangements under which he would have to be placed under our outing system would result in difficulty of one kind or another.

However, if it can be arranged to enroll him here under the usual arrangements everything possible will be done to give him the privileges you desire for him. Tuition at the rate of \$167.00 per year would have to be paid, after authority for the enrolment had been secured from the Office at Washington.

Hoping it will yet be possible to help the boy you mention, I remain, Very truly yours,

HKM.

Superintendent.

August 14th, 1913.

Mrs. Dolores Neives Horton,

67 Acosta St., Caguas, Porto Rico.

My dear Madam:

The request you have again referred to me in your letter of August the 2nd has had further consideration, but I cannot see my way clear to give you the assistance that is desired in behalf of the boy now residing at your mother's home.

Mr. J. A. E. Rodriguez, Box 225, San Juan, Porto Rico, who was formerly a student here, is well informed on conditions in the States, and as he is now connected with one of the Government's Departments it is likely that he would have a suggestion to offer that would be of assistance to you. I am quite sure that he would gladly do what he can to be of help to you.

Very truly yours,

HKM.

Superintendent.

Mrs. Dolores Nieves Horton,

67 Acosta St., Caguas, P. R.

My dear Friend:

I have just received your letter of July the 22nd, again requesting that assistance be given you in finding a home for the young man who is now making his home with your mother. It is to be regretted that it will not be possible to give you the help you desire, as has already been outlined to you in my letter of July the 22nd. The matter was under consideration for some time and it was only after all sides of the case had been studied that a decision was rendered.

Hoping that you will yet be able to get the boy placed without help from this school, I remain,

Very truly yours,

HKM.

me about it and asking me if
I thought that he could go to Carlisle
so I just thought of asking you to
see if he could come to Carlisle.

Carlisle did so much for us
Portorrican, and taught us to
get acquainted in that country.
Mr. Friedman, he wouldn't ~~have~~
to stay at the school, at all, but
couldn't he work in the country
under the outing rules?

Mr. M. Friedman, Supt.
of the Indian School,
Carlisle Pa.

Dear Mr. Friedman,

You will be surprised
to hear from me and know
the object of my writing to
you. Mr. Friedman, I must
thank you for the School
paper that I have been
receiving. I am at home

from a little boy, both his
parents are dead, he is such
a smart boy in everything
he is in the eighth grade in
school, he is also in the band
here, yet he is not more than
sixteen years old, and my
mother would like him to
get a good education and
learn the English well, but
as he cannot do that here, she
would like him to go to the
States and make a man
of him and she was telling

now I came on a visit last
month and expect to stay
for a while it might be till
Spring or it might not be until
some time in the summer.

Now Mr. Friedman
what I want to ask of you
is a favor, and at the same
time an act of charity.

Mr. Friedman, I have a
cousin at home, I say cousin
but in fact he is not ~~real~~
relation to me, only that
my mother raised him

then I would know what kind
of education he would really
get.

Hoping you will excuse
my anxiety in this and
hoping to hear from you at
your earliest convenience,
I am,
Dolores Chire Horton

Mr. M. Friedman

Dear Mr. Friedman
I am really ashamed to write
to you again, but Mr. Friedman
I have been waiting for an
answer to my last letter that
I wrote you, asking for your
help to find me a home for the
boy that I intend taking with
me when I return to the States
in September. The reason why
I am so anxious to hear

from you soon is because Sept.
is not so far off, and the boy
will have to get ready. I would
let you know of course just
before my sailing so then you
could tell when he would be
there, if possible I could take
him myself to his destination,
after you had told me where
about he was to go. Oh Mr.
Friedman do help me in this
believe me, it is an ^{act of} charity what
you are going to do, for he
has no father or mother, is
willing to learn to do something

and besides my mother with
whom he lives and who raised
him, is hardly able to have
him now. He is working now
and graduated from the eighth
grade last month. He is a
very smart boy, and willing to
do everything and to work.

Well I shall really be
anxious expecting an answer
from you as soon as you can
so I shall know what to do.

Oh Mr. Friedman could you
take him as a pupil at Carlisle,
how glad I would be, for

Department of the Interior.

The Superintendent of the Carlisle School
Carlisle Pa.

Sir;—There is a favor that I want
to ask of you and I hope you
will pardon me for bothering
you on the subject; but I have a
little boy seven years old and I
thought of asking you if it would
be convenient for me to put him
at Carlisle School. Since his father's
death five years ago I have been
working with him at service, but
you can imagine how hard it is
for me to work with him too, and
I thought if I only could place him
in some home or school for a
few years, my lot would be so

much easier. I thought of Carlisle because I know all about it, and I remember of all that Carlisle did for us, in the few years that we were there. He goes to School now this makes his second year in school and he is pretty far advance for his age.

If nothing could be done for him at Carlisle, could you advise me about some school or place where I could put him too. I have to have a change of places by the first (1st) of January and that is what makes me so anxious about him.

Thanking you very much for any interest that you might take in the matter, and hoping to hear from you at your earliest convenience.

to me about him. They will not have
to appeal to you at all nor complain
either, for after you have found
a good home for him, is all
I ask of you, I shall do the rest for
him after I placed him there, for
it would be asking too much of
me to do any more I could not
kindness. If I had
of such homes I would
one myself, but I do
of any where he could

Mr. M. Friedman:-
Carlisle Pa.

Dear Mr. Friedman: Yesterday
I received your letter, and
I must say that I was a little
dissatisfied when I read it, and
at the same time I am very obliged
and grateful to you for all your
troubles that you have taken
in this matter. By the contents
of your letter Mr. Friedman, it
seems to me that you have

misunderstood what I meant to
tell you, or probably I did not explain
myself to you what I meant to say.
Mr. Friedman, I understand fully
that this boy could never be placed
under the outing system as the
students of the school are placed,
for the reason that he is not a
pupil, and does not go as one. What
I ask of you is only to help one
find a place for him in the country
with a family that would be
kind to him, and who would
teach him to work and to do
their ways. In fact, after you

know or if you knew of such a
home where he could be sent, or
where there would be need for such
a boy, then I would take him there
myself, and I also would tell
them how he is placed, he would
receive something from his home
every month to help buy his clothes
and for all he'll need until he will
be able to earn for all his expenses.
In the meanwhile, if he is not
suited for something or other
and they want to come
about him, they shall be
addressed and they can

everything that you have done
for me and for the trouble
that you will take in this
matter, and believe me to
be ever so much obliged and
thankful to you for the
charity that you will do to
this boy in the matter of finding
a home for him.

I am ever, so grateful

Dolores C. Horton.

Mr. M. Friedman:—

Dear Mr. Friedman;

Yours dated 6th was received
and I am very glad to see
that I may depend on your
assistance when the boy comes
to the States. Mr. Friedman
I thought of coming back to
the States in March, but
I find that it will be impos-
sible for me to return before
next fall (September) and

he shall have to put up with,
I know that we had it hard
some times in the home that
we used to go to, we used
to think that such places
were hard, at the time, but
we didn't know then that in
order to taste the sweet, we first
must taste the bitter, as the
saying is in this country.

Today I thank God for the
hardest time that I had
at my country homes and
at Carlisle. Mr. Friedman,
I must thank you for

I think of bringing the boy with
me then; in the meanwhile,
he will be working to help
himself buy the things that
he will need for his trip.

If I give you at least one
month in which to find
the home for him, will that
be plenty of time?

I have told him (the boy)
everything that he will have
to do, and how he shall have
to behave and every thing in
fact, I have anticipated him
of the rough times that

until he learnt the English?
I do hope that you will be able
to do something for him if
not as a pupil, well, couldn't
you find a place for him when
he goes from here? He expect to
go when I do as I have said
either in the spring or in the
summer.

Hoping to hear from you
at your earliest convenience

be placed and be well treated
as an orphan boy for such he
is; he is smart and well educated
for a boy of sixteen but he has
not relations whatever, my mother
has raised him from a little
boy, now he wants to learn, and
is so willing to work and I know
he would get along in any place
where he would happen to live.
He could never be enrolled at
Carlisle as a pupil I see that

now, ~~learn~~ another could
move ~~at~~ \$1.00 per year for
him, ~~as~~ he learns, he shall
have to do, by means of his good
behavior and willingness to work.
Now Mr. Friedman I do hope and
trust in you to find me a good home
and believe me, that it would not
result in any difficulty of any
kind for you, for I shall do the
rest after such a home is found
and you tell me where. I expect
to leave about the last week of Sept.
for the U. S. so will you please let
me know something as soon as you
can? I shall be anxiously waiting.
