Dear Madam:-

I have your card saying that you know
a girl who wants to come to Carlisle and requesting
an application blank for her.

I enclose the blank which you can have the
girl fill out and send to me. I will then write
you whether we can take this girl.

The rumor here is that you have quite
a number of small pox cases in your neighborhood
at the present time and I would prefer not to take
any new pupils from your locality just now. This
girl can send in her application however, to be
acted upon later.

Very truly yours

Superintendent.

My dear Friend:

This is to acknowledge receipt of your letter of August the 26th and to advise you that since you are now more than twenty-one years of age it could not be arranged to provide transportation for you to return to Carlisle.

I understand you have not been in school since 1910 so I would have to be advised further just what object you have in view by wanting to be re-enrolled now.

Our school work for this year began on September the 1st and a number of new students have already been enrolled. I should like to enroll more boys and girls from New York State, but only the very best students are being selected this year for enrolment.
