Dear Elizabeth:

Replying to your letter of November 19th, I have to advise that we will be very glad to enroll you at Carlisle and allow you to take special work in our sewing department. You will understand, of course, that you will have to be under the same rules at the school as other girls, but this should in no way prove a hardship. I am simply advising you that special students are required to conform to the same rules as all other students, except that in your case we will excuse you from academic work.

I have your letter of Nov 24, in
reply to my letter. This is to inform
you that I gave up all hopes to attend
school any where for a time owing
to that fact that my right ear is in
serious condition and have to under-
go an operation. In order to meet
my expenses, my father advise
me to go west in my home-town

immediately after New Years.

Your letter was a great comfort

awhile in terrible pain in my
ear, is a kindness of you all,
indeed, I thank you all for the
pleasant treatments and
sympathy from all sides.

May make short visit to

-2- Miss Elizabeth Fish.

I believe it will be best for him to remain at Carlisle for a few years longer at least, and I Miss Elizabeth Fish, to do so at every opportunity you have. 3932 Illinois Ave., N. W., Washington.

My dear Friend: I will have an excellent chance to acquire additional training and to prepare himself for greater usefulness when his school days are over.

Referring to the letter you addressed to Mr. Meyer at this school on the 26th instant, this is to inform you that the parties of girls and boys going to their homes this year are to leave on June the 1st and June the 3rd, respectively. I am pleased to state, however, that your brother John has decided to remain at his outing home during the vacation months. No doubt you know that he is now at the home of Mr. Paul Wrigley at Eddington, Pa.

It is satisfying indeed that all of you are so well pleased with the progress your brother has made, and it gives me pleasure to state that he is reported as doing nicely where he is now at work. John is a gentlemanly young man and an excellent worker, and as he is now old enough to have forgotten some of his more careless boyish ways I feel confident that he will continue to do as well as he has for some time. I assure you that no one is more anxious to have him do well than I am and his other friends here are.

-2- Miss Elizabeth Fish.

I believe it will be best for John to have him remain at Carlisle for a few years longer at least, and I hope you will urge him to do so at every opportunity you have. With the new course of work that is to be given next year he will have an excellent chance to acquire additional training and to prepare himself for greater usefulness when his school days are over.

Regretting to learn that you have been caused annoyance by a return of your ear trouble and hoping that you too will continue to do well, I remain,

Mr. H. K. Meyer, Asst. Supt.,

Indiana School, Carlisle, Pa.

My dear Mr. Meyer:

Will you kindly let me know the date in June when the home party leave Carlisle? I wish very much to know beforehand so could arrange matters with the folks here about making a short visit to the school at that time.

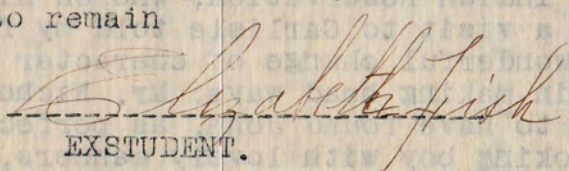

I was pleased to have seen a beautiful change of my brother's career at the school when I came through there last January. I should repeat the same words of Supt. Nicholson of Menominee Indian Reservation, who on his return to Keshena from a visit to Carlisle told my father that he had seen John's wonderful change of character and was now on rapid speed in making head ways. Mr. Nicholson declared that he was proud to have found John, as perfect young gentleman, promising looking boy with lovely manners, so full of life and energy. This was last fall when Supt. Nicholson visited the school.

I am sure, my father is convinced with pride to know that his boy has turned out to be better and may only think of a hundred and one things to thank Carlisle for her wonderful patience and power in correcting her children's broken dispositions and puts them on high road to success.

John Fish is under the outing now working for
Paul Wrigley, Eddington, Pa.
He is reported doing nicely.

I likewise am getting along very nicely with my work and attending night school regularly. Except that of ear trouble which is my usual complain, and had been for the last two weeks suffering from an attack of chronic abscess and is now getting a little better. Dr. Sebert noted Ear Specialist of this city believe that it is far better for me to leave Washington entirely and remain out because the climate does not agree with me, owing to the fact that this is the fourth time I am advised to leave here on the same old condition. As matter of course, am not planing to leave at once but I will see about definite settlement later in an effort to save my hearing and can perhaps be as happy any where as I can here; in my direct line of that, I am sure.

Trusting that everybody is well at the school, wishing you a long continued success and thanking you in advance for anything you may do for me from time to time, I beg to remain

My dear Sir:-

Regret to have neglect your letters both December 19th, and the former letter within a blank of question. This is to inform you that I have had no time in the past to reply promptly, however, though I shall try to give you the best information in regards to my life.

What a delight, it is to hear from you often. I have shown the letter of which you wrote me recently to the Pincipal of our school and indeed she was very pleased to know that Carlisle take much interest for the Indians, how wondering it was for her to realize that Carlisle advance the Indians to higher standard of Civilization so rapidly.

I often wish, I was at Carlisle attending school among my own race, but the deepest interest from the sisters, teachers and students of this school gives my wishes in vain. Although, I have determined not to part with them again until I finish up my course.

A letter came to me sometime ago from The Carlisle Indian Press requesting me to renew my subscription "Arrow", Therefore, please find enclose herewith the letter twenty-five cents (\$.25) in silver for the paper.

My dear Sir:-

I take a great pleasure of calling your attention in regarding to the records of two Menominee girls from Keshena Agency, Keshena, Wisconsin. Their names are: Mary Dixon and Hattie Wauppose, both entered the Indian School at Carlisle in fall of 1910.

Will you kindly furnish me considerable informations regards to what sort of conducts they both had, during attendance there. I am told that Mary Dixon ran away from the hospital (Medical Cay) at Phila. Pa., in which hospital she was send to under the directions of Carlisle doctor to take up a training as nurse. This was a year after she entered the school at Carlisle. Hattie Waupose was expelled from there within four-years later.

This is all I wish to ask you to do for me as I am deeply interested to know what sort of girls they both are; proper or improper. Thanking you in advance for anything that you may be able to do for me. Hoping to hear from you at once, I am
