My dear Sir:

In regards to your letter of July 20th. I should like to say that at the present time I cannot be of any help to you in securing students for the school as I have been away from my wife and the whole race of Indians in general, so long that I do not know of any who would be glad of such a chance as is obtainable at Carlisle. I want to say that as an ex-student of Carlisle that I am very much interested in what is going on there and am

Mr. M. Friedman:

Dear Sir,

I just received your most welcome letter and very glad indeed to hear from you.

And I know that you shall be pleased to hear that I have started in business for myself.

I decided that I might just as well make a reputation among the men who are following the profession of Dentistry, as to make it for someone else.

I am in a very keen competition here and that makes it a great deal.

More interesting for me.

I have been in business for the past three weeks and I am doing very good, and expect a great deal more just as soon as the people hear of my good work.

I take great pride in doing first class work and also giving prompt attention to the same.

I have a motto: "Got to do as good as others but to do better," and that is my intention of doing business.

Trusting you shall remember me to my many friends. I shall wish you a very merry xmas and a Happy and Prosperous New Year.

I remain

INDORSEMENT.

A child showing one-sixteenth or less Indian blood, whose parents live on an Indian reservation, Indian fashion, who, if debarred from the Government schools, could not obtain an education, may be permitted in the reservation day and boarding schools, but it is preferable that it be not transferred to a nonreservation school, without permission from the Office. Children showing one-eighth or less Indian blood, whose parents do not live on an Indian reservation, whose home is among white people where there are churches and schools, who are presumed to have adopted the white man's manners and customs, and are to all intents and purposes white people, are debarred from enrollment in the Government nonreservation and reservation schools. Superintendents, in all cases where doubt exists as to the degree of Indian blood of a child proposed for transfer, should fully satisfy themselves of the facts by affidavits from reliable persons, which affidavits must be kept on file at the school.

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other non-reservation school without the consent of both Superintendents and the Commissioner of Indian Affairs, and Superintendents will be held to strict accountability for such pupils taken to their schools.

A pupil dismissed from school for cause must not be enrolled in any other school without the permission of the Commissioner of Indian Affairs. Full facts must be submitted with each request.

Judson Bertrand, a loyal ex-student, is on a visit to his people in Oklahoma; he will return to his work in Harrisburg on the first of October.
