Miss Anona Crow,

Cherokee, North Carolina.

My dear Friend:

I have just come from post office and in haste I am answering your blank I received and letter. Since I came home I have just been keeping home for my sister. I think I would want up this summer for the work I am planning to do at the Drexel Institute as you are planning to do and if I can be of assistance do not hesitate to write to me.

I will be pleased to have you bring us students from the Cherokee School, and would suggest that you consult Superintendent Kyselka about the matter. The blanks I enclose must be filled out and approved by the Superintendent. I am also sending you a number of printed circulars that may be distributed among the young people in the vicinity of your home.

Assuring you that your help will be appreciated and hoping to hear from you again, I remain,

Your friend,

HXM.

Dear Dept.

I have just come from post office and in haste I am answering your blank I received and letter.

Since I came home I have just been keeping horse for my sister. I thought I would rest up this summer for the work I intend to take up this coming winter, providing nothing happens. I expect to come up north this fall to Phila. for the purpose of taking up dress-making in Wrexall Institute, on my way I expect to bring

I often think of dear old Carlisle, and I am thankful indeed for what it has done for me.

Let me know at once as how to act accordingly about bringing these students. I am well and happy as usual away back here in the mountains.

Do you know if Mrs. Friedman received that pretty basket I sent her not long ago. Give her my love and best regards. I am trying hard to live up to what Carlisle has taught me. Hoping an early reply.

2.

These students and more if I can get them. They are all young fellows about the ages of fourteen and fifteen my brother is among them above all I want to make a man of him he is only fourteen and a young innocent boy. I

I will not be ready to come till about first of Sept. but I am just letting you know in plenty of time so you can make arrangements.

I am trying hard to live the right kind of life among my people, though I have had to overcome many temptations

SUGGESTIONS FOR SUPPLYING THE INFORMATION REQUESTED ON THIS BLANK

1. The report of nonreservation school Superintendent should be made at the time or a little before the pupil leaves school, whether at the end of the school year or during the school year, provided the pupil is 18 years of age or over, or younger, if for any special reason the pupil is quitting school permanently. As soon as this report is received, or at least very soon after the pupil returns home, the Supervisor of Indian Employment will correspond with the returned student for the purpose of getting more in personal touch with him and finding out something about his wishes, etc. His answer will be attached to and filed as part of this report.

2. Health, height, and weight of returned students are sometimes very important in placing them properly; height and weight could be approximated very satisfactorily, though from the pupil records now in use all information called for in part 1 of this blank can readily be obtained and be definite.

3. The State, agency, and tribe are important, and where the pupil is not attached to any agency this fact should be stated and the Superintendent should give all available information as to the home and local conditions surrounding the pupil.

4. Where the outgoing pupil has passed the civil-service examination for any position, this fact should always be noted, giving position for which examination was taken.

5. It should be remembered that the Supervisor of Indian Employment can but seldom have a personal acquaintance with the outgoing student, and that he must depend on the information furnished in this report for his basis of action in behalf of the pupil.

6. The degree of Indian blood should always be given, as this fact largely determines how much effort will be made on behalf of any particular returned student; qualifications being equal, or nearly so, the preference will be given to those having the greatest degree of Indian blood.

7. This report should be forwarded promptly to the Supervisor of Indian Employment, Denver, Colo.

8. Reports on students from reservation schools should be made only as to those who leave the schools at 18 years of age, or older, and who will probably not go away to school.

9. If part 1 of this report is made out by the principal of a reservation school, the reservation Superintendent should supply information called for in part 2 if the principal is not informed as to home surroundings and local conditions. Such information is essential to a proper understanding of the difficulties and needs of the pupil.

10. When part 1 is made out by a nonreservation Superintendent, this blank will be sent by the Supervisor of Indian Employment to the Superintendent of the reservation where the outgoing student belongs. He should fill out part 2 and return the blank as promptly as possible, for practically nothing can be done until the information called for in part 2 is supplied.

Information under the heading "Employed since return as follows," will be valuable only in cases where the pupil has been home for some time.

INDORSEMENTS

The laws relating to the transfer of Indian children from reservations and schools are as follows:

That hereafter no Indian child shall be sent from any Indian reservation to a school beyond the State or Territory in which said reservation is situated without the voluntary consent of the father or mother of such child if either of them are living, and if neither of them are living without the voluntary consent of the next of kin of such child. Such consent shall be made before the agent of the reservation, and he shall send to the Commissioner of Indian Affairs his certificate that such consent has been voluntarily given before such child shall be removed from such reservation. And it shall be unlawful for any Indian agent or other employee of the Government to induce, or seek to induce, by withholding rations or by other improper means, the parents or next of kin of any Indian to consent to the removal of any Indian child beyond the limits of any reservation. (28 Stats., p. 906.)

Provided, That hereafter no Indian child shall be taken from any school in any State or Territory to a school in any other State against its will or without the written consent of its parents. (29 Stats., p. 348.)

The rules provide that—

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other nonreservation school without the consent of both Superintendents and the Commissioner of Indian Affairs, and Superintendents will be held to strict accountability for such pupils taken to their schools.

An Indian boy or girl 18 years old and over may, without the consent of parents or others, personally sign the application form on its being changed to suit the case.

This form is to be used only in transfers from reservations or Indian schools to nonreservation schools.
