Mr. James L. Crowe,

Allen, South Dakota.

My dear Friend:

I was pleased to receive your letter of the 7th instant and to learn that so many of the Indians in the vicinity of your home are devoting more and more of their time to farming. It is a splendid calling and a means of producing what can be turned into ready cash that is specially attractive because it brings those engaged in the work into the out-of-doors. I should like to see more Indian young men take a special interest in the work and to prepare while in school to follow it.

Under a separate cover I am sending you a copy of the catalogue that was published at this school in 1912. A new catalogue is being published which contains information about the new courses that are offered for next year's work.

With best wishes for continued success, I remain,

Your friend,
