Dear Supt.

I arrived at my destination June 16<sup>th</sup> and am now visiting at the Indian school. I want to thank you for the privilege given me of traveling on the route I did. I enjoyed every bit of it and learned a lot. I made excellent connections, making only the change in Chicago and didn't change again until I got into Tucson. I am hoping a nice visit. Haven't made any definite plans for the summer.

## PART 2

### REPORT BY RESERVATION SUPERINTENDENT

AGENCY, \_\_\_\_\_, 1913

Date pupil returned from school, \_\_\_\_\_; employed since return as follows: \_\_\_\_\_

Are home and local conditions favorable? \_\_\_\_\_

Should he receive assistance to find employment? \_\_\_\_\_

At what employment do you think he would do best? \_\_\_\_\_

Remarks: \_\_\_\_\_

\_\_\_\_\_, Supt.

SUGGESTIONS FOR SUPPLYING THE INFORMATION REQUESTED ON THIS BLANK

1. The report of nonreservation school Superintendent should be made at the time or a little before the pupil leaves school, whether at the end of the school year or during the school year, provided the pupil is 18 years of age or over, or younger, if for any special reason the pupil is quitting school permanently. As soon as this report is received, or at least very soon after the pupil returns home, the Supervisor of Indian Employment will correspond with the returned student for the purpose of getting more in personal touch with him and finding out something about his wishes, etc. His answer will be attached to and filed as part of this report.

2. Health, height, and weight of returned students are sometimes very important in placing them properly; height and weight could be approximated very satisfactorily, though from the pupil records now in use all information called for in part 1 of this blank can readily be obtained and be definite.

3. The State, agency, and tribe are important, and where the pupil is not attached to any agency this fact should be stated and the Superintendent should give all available information as to the home and local conditions surrounding the pupil.

4. Where the outgoing pupil has passed the civil-service examination for any position, this fact should always be noted, giving position for which examination was taken.

5. It should be remembered that the Supervisor of Indian Employment can but seldom have a personal acquaintance with the outgoing student, and that he must depend on the information furnished in this report for his basis of action in behalf of the pupil.

6. The degree of Indian blood should always be given, as this fact largely determines how much effort will be made on behalf of any particular returned student; qualifications being equal, or nearly so, the preference will be given to those having the greatest degree of Indian blood.

7. This report should be forwarded promptly to the Supervisor of Indian Employment, Indian Office, Washington, D. C.

8. Reports on students from reservation schools should be made only as to those who leave the schools at 18 years of age, or older, and who will probably not go away to school.

9. If part 1 of this report is made out by the principal of a reservation school, the reservation Superintendent should supply information called for in part 2 if the principal is not informed as to home surroundings and local conditions. Such information is essential to a proper understanding of the difficulties and needs of the pupil.

10. When part 1 is made out by a nonreservation Superintendent, this blank will be sent by the Supervisor of Indian Employment to the Superintendent of the reservation where the outgoing student belongs. He should fill out part 2 and return the blank as promptly as possible, for practically nothing can be done until the information called for in part 2 is supplied.

Information under the heading "Employed since return as follows," will be valuable only in cases where the pupil has been home for some time.

DEPARTMENT OF THE INTERIOR  
UNITED STATES INDIAN SERVICE

Reno, Nevada, August 5, 1913.

Supt. Indian School,  
Carlisle, Pa.

Dear Sir:

I enclose herewith the application of Miss Lillian Porterfield, which has been requested by the Civil Service Commission to <sup>Complete</sup> have her examination, which was taken at Carlisle April 10, 1913.

She desires to have either you or Mr. Meyer fill out Voucher No. 2 for her and forward the application promptly to the Civil Service Commission with her letter enclosed.

Miss Porterfield says that she is confident she filled out this form at the time she took the examination, and she understood that her rating had been reported to your office, but the Commission now writes her that this form is required before the rating can be made. There appears to be a mistake somewhere.

Very respectfully,

*A. Hasbury*  
SPECIAL INDIAN AGENT.

Agent or Superintendent.

SPECIAL NOTE.

This form must be executed in duplicate when a child is transferred from a reservation to a nonreservation school. The Superintendent of the nonreservation school will retain the original for his files, and the duplicate shall be deposited in the Agency records. The agent will then send to the Commissioner of Indian Affairs his certificate as provided by law. All the blanks must be properly filled in every case.

NOTE. — Age limits, fourteen to twenty years. Preferably fourteen to eighteen. Students must be at least one-fourth Indian, preferably full Indian. Special cases beyond the age limit will be given consideration. An industrial course only can be taken and the term reduced to three years, in exceptional cases.

## INDORSEMENTS.

The laws relating to the transfer of Indian children from reservations and schools are as follows:

That hereafter no Indian child shall be sent from any Indian reservation to a school beyond the State or Territory in which said reservation is situated without the voluntary consent of the father or mother of such child if either of them are living, and if neither of them are living without the voluntary consent of the next of kin of such child. Such consent shall be made before the agent of the reservation, and he shall send to the Commissioner of Indian Affairs his certificate that such consent has been voluntarily given before such child shall be removed from such reservation. And it shall be unlawful for any Indian agent or other employee of the Government to induce, or seek to induce, by withholding rations or by other improper means, the parents or next of kin of any Indian to consent to the removal of any Indian child beyond the limits of any reservation. (28 Stats., p. 906.)

Provided, that hereafter no Indian child shall be taken from any school in any State or Territory to a school in any other State against its will or without the written consent of its parents. (29 Stats., p. 348.)

The rules provide that—

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other nonreservation school without the consent of both Superintendents and the Commissioner of Indian Affairs, and Superintendents will be held to strict accountability for such pupils taken to their schools.

An Indian boy or girl 18 years old and over may, without the consent of parents or others, personally sign the application form on its being changed to suit the case.

This form is to be used only in transfers from reservations or Indian schools to nonreservation schools.
