Dear friend:--

I have a letter from Jack Johnson asking for some of his money from bank. According to our books, he is entitled to spend about \$4. If agreeable to you, you can give him \$2 or \$3 from his wages this month. I do not think he should need more than this amount.

Very truly yours,

Any general statement or wishes of patron or pupils, together with Agent's estimate of place, people, and pupil:

Mr. Miller is pleased with Jack and would like to keep him during the summer. Jack claims his time at Carlisle will be out in June and wishes to return to Carlisle at that time.

Mr. Miller wishes another boy in his place who will make a trusty hand for summer work. Would like him to have at least two years experience.

Jack had some trouble with his teacher and was suspended from his school. I have placed him in school again and it is thought no more trouble will come up. After having an interview with both teacher and pupil and also Mr. Miller I have concluded the fault is not all to be put upon Jack.

His teacher seems too quick in temper and lacks in patience. She also showed a disposition of dislike for the Indian race and seemed to forget that she was dealing with an individual.

Jack said some words back to her but was made angry by too much uncalled for scolding.

I saw the teacher who had charge of Jack previous to this and had a favorable report as to his conduct.

Suggestions for Supplying the Information Requested on this Blank.

1. The report of Non-reservation School Superintendents should be made at the time or a little before the pupil leaves school, whether at the end of the school year or during the year, provided the pupil is 18 years of age and over, or younger, if for any special reason the pupil is quitting school permanently. As soon as this report is received, or at least very soon after the pupil returns home, the Supervisor of Indian Employment will correspond with him, for the purpose of getting more in personal touch with the returned student, and finding out something about his wishes etc. The answer to this letter when received will be attached to and filed as part of this report.

2. Health, height, and weight of returned students are sometimes very essential in placing them properly, but height and weight could be approximated very satisfactorily, though from the pupil records now being gotten up, all information called for in part 1, of this blank, could readily be secured and be definite.

3. The State, Agency, and Tribe are important, and where the pupil is not attached to any agency, this fact should be stated as "no agency," and in such cases the Superintendents should give all available information as to the home and local conditions surrounding the pupil.

4. Where the out-going pupil has passed the Civil Service Examination for any position, this fact should always be noted, giving position for which examination was taken.

5. It should be remembered that the Supervisor of Indian Employment can but seldom have a personal acquaintance with the out-going student, and that he must depend on the information furnished in this report *for his basis of action in behalf of the pupil.*

6. The degree of Indian blood should always be stated, as this fact largely determines the amount of efforts that will be made on behalf of any particular returned student: Qualifications being equal or even nearly so, the preference will be given to those having the greatest degree of Indian blood.

7. This report should be forwarded promptly to the Supervisor of Indian Employment, Denver, Colorado.

8. Reports on out-going students from Reservation Schools, are made only on pupils leaving the school who are 18 years old or over, and who will probably not go away to school.

9. If Part 1, of this report is made out by the Principal of the Reservation School, the Agent or Reservation Superintendent should supply information called for in Part 2, if the Principal has not the necessary information on home surroundings and local conditions. Information in regard to home surroundings and local conditions is very essential to properly understand the pupils' difficulties and needs.

10. When Part One is made out by Non-reservation Superintendents, this blank will be sent by the Supervisor of Indian Employment to the Agent or Superintendent of the Reservation, where the out-going student belongs, to have Part 2 filled out. This should be filled out and returned to the Supervisor of Indian Employment, Denver, Colorado, as promptly as possible, for, practically nothing can be done, till the receipt of this blank, with Part 2 filled out by the Reservation authorities. The information "Employed since return as follows," will be valuable only in cases where the pupil has been home for some time.
